VERVIERS, Belgium, June 4.—A mob assailed gendarmes today with missiles. The latter charged repeatedly and when the rioters refused to disperse, opened fire. More than fifty of the mob fell, killed or wounded. Seven gendarmes were injured. Many arrests were made.

SCORE ARE WOUNDED.
GHENT, Belgium, June 4.—A score of persons were wounded in a fight with gendarmes. Mobs attacked several convents, breaking the windows of the buildings. The rioters also smashed all the windows in the stores on several streets.

MONS, Belgium, June 4.—Two thousand miners struck today in protest against the maintenance of the present government.

REVOLUTION IMPENDS.
BRUSSELS, Belgium, June 4.—The post-election riots in Belgium have taken on a revolutionary character. Following last night's troubles at Liege and other places, the Socialist central committee declared that it would proclaim a general strike tomorrow. At Antwerp one battalion of Scouts and a section of artillery of the civil guard joined the manifestants. They rebelled against the police authorities and vented their feelings in demolishing windows. The clerical press demands the dismissal of these troops. In addition to the troubles at Verviers, where gendarmes fired upon a crowd, killing or wounding more than 50 persons, among whom were two children, there was less serious rioting at Bruges, Louvain, Ghent, Louvain, Antwerp and in this city. Several Jesuit colleges and Catholic institutions were attacked and the windows smashed. The gendarmes

Thomas Kearney, 517 Fifteenth street, Oakland. O. T. Decker, 2520 Santa Clara avenue, Alameda. M. E. Garcia, San Leandro. Richard Hunter, Livermore. Owen Feeney, 957 Fifth street, Oakland. W. M. Thompson, 2134 Grove street, Berkeley. John Veltek Jensen, Hayward. John A. Hill, 520 Thirtieth street, Oakland.

Thelma Buckingham took the stand shortly before noon today in Judge Ellsworth's court and told the jury how William Hopkins, the divekeeper, had attacked her in a box at the Hoffman cafe, of which he is proprietor, threw her across a table, clutched her throat and took the silver purse, containing \$4, from her. Hopkins is on trial on a grand larceny charge. She said that he had first attempted to remove her fur coat, but that she fought him away. That she had gone to the cafe by appointment to collect her delinquent wages and that Hopkins sought to show her that she owed him a balance for drink checks instead of having anything coming to her, was the reason given as leading up to the robbery. "I went to the cafe shortly after 5 o'clock on April 8 to make a settlement Hopkins came into a box where I was sitting. I told him that I wanted to settle our account. He went out and came back with a handful of checks and threw them down on the table. He said that I owed him. I told him that the checks were not all mine but said that I was willing to call things square and let it go at that. Then I arose to leave and he thrust me back into the box, grasping me by the throat. He tried to re-

Franklin Swears Darrow Told

Detective on Witness-Stand
Still Continues to Spring
Sensations

LOS ANGELES, June 4.—Continuing his testimony in the trial of Clarence Darrow, Bert Franklin this morning swore Darrow had told him that the money used in the alleged bribery of George N. Lockwood had come direct from Samuel Gompers, head of the American Federation of Labor. Darrow said this, according to Franklin, when they were discussing the possibility of the money being traced.

Franklin testified at the same time that Darrow had told him he need not worry about Job Harriman being implicated in the case. Harriman, Darrow told the witness, could account for his visit to the safe deposit vault the morning he secured the \$4000 by the fact that he took out \$500 to pay a mortgage, said Franklin. The conversation in which Gompers' name was mentioned followed a newspaper account purporting to show that the \$4000 used in the Lockwood case had been marked money.

"I asked Mr. Darrow," said Franklin, "if he had seen in the papers that the district attorney had traced the money from the safe deposit vault into the hands of Mr. Darrow and from there into my hands; also that it was marked money. I asked Mr. Darrow if there was any way for the money to be traced. CAME FROM GOMPERS. "He said no; that the money was sent direct to him by Samuel Gompers."

Franklin also testified to an- (Continued on Page 2, Col. 7)

SAN FRANCISCO, June 4.—The Southern Pacific Railroad resumed travel today over the section of the Suisun marsh, which swallowed up the track Friday. The marsh had sunk about 12 feet for a stretch of more than 50 feet. The Suisun marsh has presented one of the most puzzling problems with which the officials of this division of the road have had to deal. The 3000 feet of tracks across it, has frequently sunk and attempts to build a firm foundation for the tracks have failed.

BOY MURDERER IS IN PRISON MOURNING FOR PRETTY VICTIM

High School Girl Is
Slain at Door of
Her Home

SAN FRANCISCO, June 4.—A love-crazed youth, who mistook the sympathy of a 17-year-old school girl, whose tender heart had been touched when he lost a brother, caused the murder of Bernice Lillian Godair at a late hour last night. The boy slayer is Charles Holmes Bonner, 19 years old, employed as a sawyer in a downtown mill, and this morning he sits alternately moaning and crying in the city prison.

The tragedy occurred on the steps of the Godair home at 1172 Haight street. The girl and her aunt, Mrs. Minnett Dreux, had been attending Pantages Theater and had returned home under the escort of Samuel Houston an usher of 905 Eddy street. Bonner had been waiting for them, concealed in the darkness of a doorway and as they approached he made for the girl who had recently tried to avoid his too ardent affection. Without warning he ran up and asked her "Who is that other fellow?"

ANSWERED BY BULLET.
In the polite way in which she always spoke, the girl answered him, but the reply was not to his satisfaction. He fired and the bullet took effect. Mrs. Dreux tried to hold the mad-dogged boy, but without avail, and as the young girl ran up the steps Bonner followed her. She fell prostrate on the stoop, whereupon the boy placed the revolver to Miss Godair's heart and fired again and again. As the murderer stood with the smoking revolver in his hand, the aged grandmother Mrs. Louise Godair, rushed out the front door, and with superhuman strength, seized him by the hair, shook him and threw him headlong down the stairs, the revolver clattering to the street.

Then Miss Godair's brother came forth, the police arrived and the father of the girl, W. E. Godair, a special officer employed at the Anglo, London and Paris National Bank, pushed his way into the little circle and attempted to lay violent hands on Bonner. Godair was restrained with great difficulty, and finally Bonner was led off to the park station, where he made his confession to Lieutenant Lackman.

TELLS HIS STORY.
At the city prison this morning Bonner told his reason for killing the girl. He is only a boy, standing scarcely 5 feet 3 inches, with big eyes and an appealing expression. He went through the ordeal of the interview with frequent outbursts of sobbing. "I killed her, and I am sorry I did

'Hurts Me as Much as It Does You, My Child'

While attempting to chastise her thirteen-year-old daughter this morning Mrs. R. Walters of 723 Washington street inflicted upon herself painful injuries. A misdirected blow with the implement of punishment struck her on the little finger of her left hand, breaking a bone, which was treated at the Receiving Hospital by Dr. Reining and Steward Platt. Mrs. Walters said that her daughter had stayed away from home longer than she should have and that she suspected she had a "beau."

Maniac Fires at Imaginary Spirits; Wife Flees Home

SAN FRANCISCO, June 4.—Arriving home at 3 o'clock this morning to find her husband with a shot-gun in his hand, a fuming maniac, Mrs. Charles Hill of 519 Sixth avenue rushed terrified from her home and appealed to the Richmond station for aid. Hill a laborer, 52 years old, had taken the weapon and was firing through the floor at imaginary spirits when Mrs. Hill fled from him, fearful for her life. Sergeant Connelley, Corporal Maloney and Officers Biagelich and Gunther, in the patrol machine, hurried to the house, quickly disarmed the frenzied man and conveyed him to the detention hospital.

RAZOR USED TO TAKE LIFE

Roy Sampson, Federal Gov-
ernment Employee, Puts End
to Long Illness

He Falls Into Mother's Arms
After Slashing His Throat
From Ear to Ear

Discovered by his mother as he stood before a mirror in his bedroom with a razor in his hand, Roy Sampson, an inspector in the San Francisco quarantine office of the federal government, turned and slashed himself from ear to ear with the weapon. The young man fell to the floor at his mother's feet, the blood gushing from the wound, and before medical aid could be obtained, had expired. Sampson took his life about 3 o'clock this morning at his parents' home, 1627 East Sixteenth street. The mother, Mrs. Samuel P. Sampson, who witnessed the tragic death of her son, is prostrated at her home as a result of the shock.

VICTIM OF LONG ILLNESS.
Despondency due to the fact that Sampson has been a victim of acute inflammatory rheumatism for several months and has been in severe pain. Many forms of treatment have been tried and no relief was gained from the pain which resulted in continual agony.

During the past few days the young man suffered acutely. He complained several times that he feared that he would never get well and that he could not endure the pain continually. Mrs. Sampson became alarmed this morning when her son failed to come from his room, and after waiting for a time, she went to his apartment.

As the mother opened the door she saw her son standing before the mirror with the blade of his razor against his throat. Sampson turned on hearing her enter.

SILENT FAREWELL.
With a cry she rushed toward her son. The young man, his lips soundlessly shaping the words, "Good-bye, mother," slashed the blade across his throat before she could reach him. The mother threw out her arms, and the form of her son slipped to the floor as she attempted to catch him. Medical aid was summoned, but the young man was dead before the physician arrived.

Sampson was 25 years of age. An inquest will be held.

women attended the council session this morning. The pay-as-you-enter cars, now in use, were criticized by the Rev. Clinton Macon, rector of Trinity Episcopal Church, and by Carlos G. White, an attorney.

Commissioner of Public Health and Safety Fred C. Turner characterized the "pay-as-you-enter" cars as "confounded nuisances," and stated that he had a batch of letters in his office complaining against them.

J. H. Brown, chief clerk to Vice-President Alberger of the Oakland Traction Company, was given a hearing before the council and protested against any summary action being taken while his chief was out of town. Brown stated that Vice-President Alberger was on a vacation and was in ill health, and asked that no action be taken without the cognizance of the higher official. His request was agreed to.

SIXTY NOW IN USE.

Brown stated that there are at present in use only 50 of the "whale-back" cars, of which complaint may justifiably be made.

"These cars were sent to us with ventilators in roof, and we changed these from chimneys to funnels to increase the amount of ventilation. I think that there is some exaggeration in the complaint made."

The Rev. Clinton Macon, who is president of the Alameda county Society for the Study and Prevention of Tuberculosis, made several points against the "pay-as-you-enter" cars.

"These cars combine the maximum of standing room with the minimum of seating capacity," said the Rev. Macon. "They were built to save money and not to serve the public. If one may judge at all from the type of construction, so far as ventilation goes, they are suffocating. The cars in San Francisco may have cost a little more, but they are infinitely more healthy and sanitary."

"The women's club ask me to suggest that these cars are often not only poorly ventilated, but are left in a filthy condition and are a menace to health."

"There are objections to them in that they start with a jerk and that there is no means of sustaining oneself in them, as the seats are far apart, and there are not a sufficient number of straps."

"I do not wish to suggest the form of the ordinance or any legal point. I suggest that an ordinance be passed that will protect the public on all these points."

COUNCIL HAS POWER.

The matter was referred to City Attorney Ben F. Woolner, who declared that the council had the power to regulate street car ventilation and seating arrangements, but could compel transportation companies to provide electric buttons in the cars at convenient points to signal the motorist to stop. Woolner was directed to draw up an ordinance.

FOUR OBJECTIONS.

Carlos White, an attorney, raised four objections to the "pay-as-you-enter" cars. These were as follows:

That there is no adequate ventilation; that the cars start with a jerk, throwing people from their feet; that the entrances and exits are so handled as to make it difficult to clear the car and people are carried beyond their seats; and that the cars are so constructed that only 45 passengers seated, while 100 are forced to stand, many of these without the aid of even a strap.

MANY WOMEN THERE.

The women who attended the council this morning to protest against the "pay-as-you-enter" cars followed School Director Annie Florence Brown, Mrs. H. P. Talbot, Mrs. Clinton Macon, both of the Trinity Episcopal church; Mrs. W. de L. Hadley of the Ethel Club; Miss Clara von Montgomerie of the Alameda County Society for the Prevention of Tuberculosis; Mrs. H. Kild and Miss Nora G. Ryan of the Trinity church; Mrs. E. W. Atkins, Miss M. M. Atkins, Mrs. M. Crandall and others.

'I DON'T KNOW WHY I DID IT,' MOANS YOUTH IN HIS CELL

Charles Bonner, Moaning in Despair, Admits Murder Was Premeditated

(Continued From Page 1)

If I hadn't been in such a rage, in such an awful temper, I am pretty sure I wouldn't have done it. I have taken a life; there is no punishment too severe for a man who takes the life of another. I guess they will hang me for this. I am ready to die. My medicine I had a 13-year-old brother. His name was Wilfred. We were inseparable companions, and I loved him more than I can tell. When he died last June, I was lost. I was a changed boy. I had nothing to live for, and then I met the girl. When she came into my life I found anew the companionship, the love, the affection, which I thought had died with my brother and was buried with him in his grave.

LOVED HER AS SISTER.

"My affection for Bernice was that of a brother for a sister, nothing more. I called her sister and she called me brother. She took Wilfred's place. She filled the gap. That was the way our friendship was. There was no thought of matrimony. I never had any serious intentions in that regard. I often told her how her love took the place of my brother's. About six months ago we began going out together. Most of the time we went skating. Within the last few weeks I would make an engagement with her and she would break it. Wednesday she was to go out with me, but she didn't. Friday again she broke the date, Saturday she broke it, and last night, when I went to call on her and she said she was going out, I was desperate. I asked her why she was breaking all my dates."

AUNT INTERPOSES.

"Her aunt said that it was all right for me to come around, but I was not acting in good faith and I had told another boy not to come and see her. This made me angry. I said it was not true, and I asked them who it was that had told them, in order that I might defend my honor. I told Bernice that if she didn't change her attitude towards me I would lose my temper."

BOUGHT THE REVOLVER.

"Well, they went to the theater, and my troubles went to my head, I guess. I went downtown and bought the gun and then I came back and waited. When I walked up to them on their return, ask her who told you that fellow was that had said I tried to prevent him from seeing her. She only laughed, and I fired. So that is why I am here. There is nothing too dark for someone who has taken a life. I don't think I will defend myself. I think I shall plead guilty. They might as well hang me, I guess it is what I deserve."

Out among the sorrowing relatives of the girl in their flat on Haight street, near Lyon, the other side of the tragic story of a boy and girl love affair was heard. Tonight, for instance, the child had arranged for a little party with the girls of her Sunday school class of the First Congregational church. The moving spirit in the undertaking, and Dr. Charles Aked, the pastor, was taking an interest in the affair. Mrs. Droux, the aunt of the girl, who had accompanied her to the

charged the rioters with drawn swords. Several persons were killed and a score wounded in the exchange of volleys between mounted gendarmes and rioters at Liege. The fatal encounter occurred near the Socialist headquarters known as "Peuplier." Firing revolvers in the air, the protesters advanced through the streets, snatching stores and cafes as they went. After they had arrived at the quarters several shots were fired from within upon the mounted gendarmes.

The commandant, thinking the soldiers were about to be overwhelmed, gave the order to fire at will and several persons fell in the hall of bullets that followed, some being instantly killed.

DAMAGE IS ENORMOUS.

At Liege enormous damage was done by the rioters last night. Today the streets were piled high with broken tables, chairs, boards and stones, the arms used by the mob in attacks upon the police.

The tramways were wrecked. In the Place St. Lambert the rioters overturned the street cars and used the wheels as battering rams, from behind which they hurled missiles at the police, injuring several.

The favorite cries of the rioters are those demanding the administrative separation of the Flemish and Walloon provinces. Some of the newspapers report a growing sentiment among the working classes in the Walloon districts of the south-east in favor of annexation to France. Fifty thousand additional reservists will be called out, it was said today. The agitation is spreading throughout the country.

Fumes From Grain Well Kill Five

Four Die Trying to Rescue First Victim in Horror at Cincinnati.

CINCINNATI, June 4.—Five persons perished by gas fumes in a grain well at the dairy of Jacob Sachs in Fairmont, this city.

Four of the five victims forfeited their lives in efforts to rescue the first victim.

The pit was used by Sachs for the storage of wet malt cattle feed. The grain had fermented and generated deadly gases.

Henry Esterman, German, who went into the pit to get the bodies, also was overcome and lay at the city hospital in a serious condition. The dead:

Mrs. Anna Eschenlager, Mrs. William Koster, Jacob Sachs, Joseph Koster, Robert Atkin.

EUGENE CRONIN IS DROWNED IN LAKE

Divinity Student, Formerly of Oakland, Loses Life on the Stanford Campus.

Eugene Cronin, a divinity student in St. Patrick's theological seminary and a former pupil in St. Joseph's Institute of West Oakland, was drowned yesterday afternoon in Lagunita Lake on the Stanford campus. News of the accident was brought to his parents by the Rev. Father Edward Maher, of St. Patrick's church of this city. A telephone message to the local parish house from the seminary in Menlo Park announced the death of the youth, who passed the greater part of his life here. No details of the drowning have been received by the members of the family, who are prostrated.

Only last Thursday Cronin's mother, father, sister and brother visited him at the seminary. He was at that time in the best of health and very happy. According to the statement of Miss Cronin, her brother and his colleagues frequently went out swimming in the lake. He enjoyed the pastime.

Ten years ago, Eugene Cronin, son of Mr. and Mrs. Walter Cronin of 1807 Eighth street, left this city to enter St. Patrick's theological seminary in Menlo Park. He was to graduate from that institution with the class of June 1914. He enrolled in the seminary at the age of twelve having completed a four year course in St. Joseph's Institute, where he was one of the brightest lads and early expressed a desire to become a priest. He was encouraged and recommended to the seminary by Rev. Father J. B. McNally, head of St. Joseph's institute and pastor of St. Patrick's Church. As a child he displayed aptitude for spiritual work. He loved the study of the religion and his ambition to become a priest was fostered by his family, who planned his future.

KNOWLAND WINS FIGHT FOR THE NAVY YARDS

Congressman Makes Able Argument in House for Building Two Fuel Ships

WASHINGTON, D. C., June 4.—The old contest between the private shipbuilding firms and the government navy yards was fought out again on the floor of the House during the recent consideration of the naval appropriation bill. The bill provided for the building of two fuel ships to cost \$1,140,000 each, and an amendment was offered providing that these two ships be built in navy yards. The Brooklyn navy yard, located at New York, and the Mare Island navy yard, in California, are the only two yards equipped for shipbuilding and the adoption of this amendment meant that these two yards should be selected.

The amendment was supported on the Republican side by Congressman Knowland, who has, during his membership in the House, consistently maintained it to be sound business policy for the government to occasionally build a vessel in a navy yard. Chairman Padgett of the committee on naval affairs endeavored to show that the cost of building vessels in government yards was much greater than by private contract.

ARGUMENT BY KNOWLAND.

In reply to this statement Congressman Knowland said:

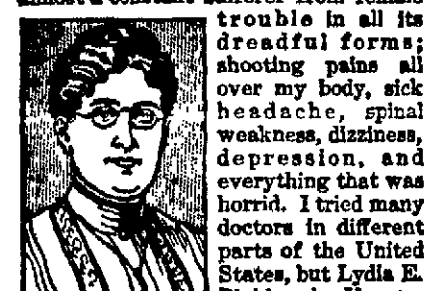

"Mr. Chairman, the statements of the chairman of the committee would, I am free to admit, present a very strong case against the construction of ships in navy yards were they to go unchallenged. But I want to present to the House some facts that I believe will convince this body that instead of resulting in a loss to the government that the construction of these vessels in navy yards has resulted in a direct saving to the United States.

"Let me call your attention to the fact that in 1908 the naval appropriation bill

IOWA WOMAN WELL AGAIN

Freed From Shooting Pains,
Spinal Weakness, Dizziness,
by Lydia E. Pinkham's
Vegetable Compound.

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrible. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to Lydia E. Pinkham's Vegetable Compound for my health."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider Well This Advice.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MURDERER OF TWO AUTOISTS ON TRIAL

Robber 'Jack' Roberts, Who
Shot Portland Youths, Ap-
pears in Court.

PORTLAND, June 4.—H. E. Roberts, alias "Jack" Roberts, an ex-convict, was placed on trial here today, charged with the murder of George Hastings and Donald M. Stewart, Portland youths, who were victims of an automobile murder near Portland, March 23 last.

Hastings and Stewart were members of an automobile party which was returning from Oregon City, when a man attempted to hold the car up. Bruce Stewart, owner of the car, who was driving, sent his machine ahead full speed. The robber fired four shots after it, fatally wounding Donald Stewart and Hastings.

Roberts was arrested in a remote part of eastern Clackamas county after a four-day hunt. The sheriff asserted that the chain of evidence against the man was complete.

GRADUATES OF HIGH SCHOOL TO PRESENT PLAY

MISS BESS SACKETT.

CLARENCE DE LANCEY.

What promises to be the most successful play ever put on by a graduating class of the Oakland high school will be the presentation of "Seven Twenty-Eight," a four-act comedy, next Thursday evening at the Macdonough theater. According to the demand for tickets the house will be crowded to the doors, and the audience will be well paid for its attendance. Clever talent and conscientious rehearsing at the hands of Coaches Frank Mathieu and Miss Claire Soule have combined to produce a very strong cast.

The leading roles will be interpreted by James Shields and Miss Grace Parker, who will be supported by a very strong cast. Miss Gladys Hamilton and Miss Edith Chichester will enact the comic side, assisted by Jean Witter and John Howard, both of whom are managing the production. Clarence De Lancey, besides appearing as a character in the play, is financing the show. The large Oakland high school orchestra will play during the evening. Following is the cast:

Courtney Corliss James Shields
Laurence Baggins John Howard
Paul Holyhook Jean Witter
Signor Tamborini Clarence De Lancey
Prof. Gaeleigh Maurice Knowles
Postmaster Hubert Maier
Jobbins John Cooper
Floss Miss Grace Parker
Dora Holyhook Miss Gladys Hamilton
Mrs. A. B. Edith Chichester
Jessie Miss Beth Sackett

MOTHER BRAVES MAD DOG TO SAVE CHILD

STAMFORD, Conn., June 4.—Perry Mullin, 3 years old, son of James Mullin, an employee of Mrs. F. A. Hamilton of Riverside, is in the Stamford hospital in a serious condition from wounds inflicted by the teeth of a dog which is believed to have been mad. The dog's spine and head have been sent away for examination by experts. The mother, Mrs. F. A. Hamilton, who is the aunt of John H. Tyson, another baby, Agnes Mackey, a cousin of Master Mullin, was playing with him when the dog appeared. She screamed and Mrs. Mullin ran out of her house, grabbed the dog by the collar and yanked it off and tossed it into a patch of weeds. She picked up the boy and ran for the house, little Miss Mackey ahead of her. Mrs. Mullin staggered through the door and fell flat on her face. The dog followed and was snarling outside the door when an employee on the place appeared with a gun and shot the dog.

The little boy was taken to the Stamford hospital by Dr. Pierson of Stamford and remained there over night. This forenoon he was taken to New York for examination by experts on the board of health. His head and face are cruelly marked with the dog's teeth. Dr. Pierson returned with the boy and is giving him serum treatment in accordance with instructions from the New York physicians. The report was received from the Middletown bacteriological laboratory which states definitely that the dog was mad.

DEMOCRATS LOP OFF CANAL APPROPRIATION

WASHINGTON, June 4.—Provision for the Panama canal was being eliminated when the sundry civil appropriation of \$25,000 for the President's traveling expenses was allowed, but the total appropriation bill was reported to the House yesterday. The annual appropriation was cut to a little more than \$100,000. The Panama canal bill was passed by the House yesterday. Appropriations for public buildings were cut from approximately \$1,500,000 to \$1,000,000. The committee allowed \$100,000 for a portrait of the President and voted \$25,000 to continue the "economy board," which is inquiring into the business of the government.

AND ON THE TRACT

KANSAS COUPLES MUST BE HEALTHY

Congregational Ministers Will Demand Certificates of Health.

TOPEKA, Kan., June 4.—The Congregational annual conference, in Great Bend, today adopted a resolution requiring every minister of the church in the state to refuse to marry any one unless he has certificates from reputable physicians were presented. The resolution was made a part of the Kansas church rules and every minister and layman voted for it.

A resolution was also adopted calling on the legislature to require health, mental and moral certificates to be presented to probate judges before marriage licenses are issued.

The Rev. Charles M. Sheldon, author of "In His Steps," started the movement about a month ago, announcing the health certificate requirement from his pulpit here. He introduced the resolution in the conference.

PLANT KILLS A BOY, TWO OTHERS ARE ILL

ST. LOUIS, June 4.—Richard Oates, 9 years old, of this station, seven miles southwest of Belleville, is dead and his brother Willie, 6 years old, and Louis Heller, a nephew by the same age, are seriously ill as the result of eating a poisonous plant they took for "sour apple" or "green apple," a harmless variety of sorrel.

The boys were at the place when they were killed and died within the last day. Richard died Monday afternoon. It is believed the others will recover. The attending physician said the boys probably ate belladonna, or "deadly nightshade."

OHIO MAN AT 63 WEDS SON'S WIFE

Law Permits It and Neither See Harm in the Odd Union.

ZANESVILLE, O., June 4.—John C. Baird, 63 years old, a telegraph operator, was today united in marriage to the widow of his own son, Mrs. Mary H. Baird, 35.

The laws of Ohio do not prohibit such a marriage and Baird says "We can see no harm in it. I always liked my son's wife, and since his death the affection has ripened into love."

Neither Mr. nor Mrs. Baird has any children.

Frank A. Bryer, a wealthy former legislator of Massachusetts, has been vainly trying to change the law of that state in order to wed his daughter-in-law, Mrs. Katherine Bryer, under similar conditions.

The Massachusetts law now prohibits the union.

GIANTESS LEADS MOB ATTACK ON MINERS

SCRANTON, June 4.—Led by a foreign-speaking woman, a giantess in size, who wielded an iron drill as if it were a hammer, a mob of about 400 men and women attacked miners and other workmen on their way to work in the Dickson shaft of the Delaware & Hudson company in Green Ridge.

Before the mob had been dispersed by the arrival of a squad of police, four workmen had been clubbed about the head and killed. Two of them being rendered unconscious. Others at the forty workmen were chased to their homes with shrieking women in pursuit. The most seriously injured are Charles Arnsperg, John Mitchell, James Cullen, Roy Van Gordon.

HERRIN EXPECTS RAILROAD VICTORY

Declares Patents of Most S. P. Holdings Are Secure.

NEW YORK, June 4.—William F. Herrin, vice-president of the Southern Pacific company, with headquarters in San Francisco, is in New York on one of his regular visits for conference with Chairman Levett of the Harborman board. Regarding the suit soon to be filed in Los Angeles by the government in an effort to recover title to 115,000 acres of oil lands from the Southern Pacific railroad, Herrin says: "The company's position is absolutely secure."

Of all the oil land holdings of the Southern Pacific, which aggregate some 150,000 acres, with a value estimated from \$50,000,000 to \$100,000,000, all but about 6,000 acres were patented prior to 1905. In other words, all above the 6,000 acres, with a maximum value of \$15,000,000, is protected by the "incontestable" clause, inasmuch as the suit to recover was not filed by the government within five years from the date of issue of the patent.

MAN AND HIS WIFE DIE ON SAME DAY

MARINETTE, Wis., June 3.—Orest Thyrion of Oconto Falls died in a hospital at Green Bay of injuries received while assisting a neighbor in raising a house and a few hours later his wife passed away at their home at Oconto Falls. The wife did not learn of her husband's demise before she passed away. Thyrion was 32 years of age.

PASTOR-MAYOR OF HOQUIAM RECALLED

Rev. Harry Ferguson, Who Favored I. W. W., Boaten in Election.

HOQUIAM, Wash., June 4.—Rev. Harry Ferguson was recalled as mayor of Hoquiam yesterday, and Chris Knapel elected as his successor, the vote standing 1887 to 864. The contest for the last 10 days was very bitter. Ferguson's campaign was arranged by a committee made up in part of members of the committee that had charge of the recent strike here.

Some of these committee men were affiliated with the I. W. W. during the outbreak of that organization here, although they have recently denied membership in that organization. Other members of the committee were from the Central Trades and Labor Council, which organization took part in the political fight after a stormy session which caused several persons to leave the city.

Seattle to take part in the strike which began about March 30, and continued several weeks, remained here in 1905. In Ferguson's campaign some of these were instrumental in getting out a small daily labor paper with which an effort was made to arouse a violent feeling. Many working people here, however, are home owners and refused to back the strike.

During the recent riot strike Ferguson as mayor refused police protection to the mill owners against I. W. W. pickets, and was also accused of hamstringing the business men here very bitter.

PAYS DOCTOR'S BILL TO WIN BET

Walter Hobart Falls While Practicing Walking on Stairs on Hands.

HILLSBOROUGH, June 4.—Whether Walter S. Hobart, the millionaire poloist of Hillsborough, can learn to work up and down stairs on his hands to win a sliding wager of not less than \$500 by next Saturday night depends largely on the weather.

The high temperature, together with the fact that while practicing the stunt for the first time last Sunday Hobart took a fall and bumped his head, bruised his arms and wrenched his right knee, has somewhat discouraged the clubman.

Hobart yesterday found it exceedingly difficult even to stand on his hands so he made no attempt to mount the stairs in the acrobatic fashion.

"It is cheaper to lose a bet than to pay doctor bills," said Takahama, his faithful Japanese valet, one of California's potato kings, to the polo player.

Despite the discouraging remarks of his Japanese servant, Hobart hopes to make good by practicing in his bungalow at Whipple canyon today and throughout the week in the event that the thermometer drops.

Takahama's reference to doctor bills is based not only on his master's illness of last Sunday, but also upon the fact that Hobart has been having trouble with his heart in the last six months.

The condition of the clubman's health has caused him to play but a few games of polo this season. (Theobald) he participated in the recent polo tournament against medical protest. Hobart's last playing made him the scintillating star of the event.

Hobart's friends declare that if any poloist can learn the art of walking up and down stairs on his hands within a week he is "in."

Takahama reports that should the thermometer climb his master will drop, but should the thermometer drop his master will climb.

WOULD MAKE SALOONS CARE FOR ALL VICTIMS

SALFORD, Or., June 4.—Declaring his belief that every industry should be compelled to take care of its own maimed and injured, and that he included in this the saloon business as well as mills and factories, Governor West has launched a project to make saloons men provide an institution or home where men or women who have been made derelict, worn out and helpless by the use of liquor may be cared for at the expense of the saloon business.

"Nearly all of us favor a just compensation law," said Governor West in discussing his proposed measure, which he purposes to bring before the session.

"I think this should include every industry, the saloon as well as the saw-mill. If the saloon has its maimed and wounded, which include the army of drunkards, there is no reason why such should not be sent to a home and be supported by a tax on the business that put them in that condition."

BLACKSMITH SEEKS BONUS FOR TRIPLETS

SACRAMENTO, June 4.—A Calaveras county blacksmith, the father of triplets, has written Secretary of State Jordan in regard to State aid. The blacksmith says:

"I have a family of three children, the first of California allows a monthly income to the family that is blessed with triplets. We have three little girls, born on the 17th of last January. They are all alive and doing splendidly. Now, I am a poor blacksmith, and if there is anything coming to me I would be pleased to know it."

Persons organized a voluntary committee of lawyers in the county and considered the situation, but unfortunately, he says, there is no legal provision whereby the State may aid the blacksmith.

ALUMNI DEBATE JUDGES' RECALL

Chicago Law School Graduates Present Opposing Arguments.

CHICAGO, June 4.—Speeches at a banquet held by the alumni of the local law school last night terminated in a debate upon the recall of judges.

John T. Richards, president of the Chicago Bar Association, opposed the recall.

It will be a sorry day when we permit the recall," he said. "Justice will be a lost virtue when a popular will determines that the judicial will now determines."

Circuit Judge Kirkham Scanlon took the opposite view.

"What is there about the office that makes the judge sacred?" he asked. "What is there makes him a better man after he has taken the oath of office than before? He is the same man—a human being, subject to all human frailties; he errs the same as any other man."

TOMAHAWK, TRIGGER, TYPEWRITER.

One day last summer I made a trip by rail through the Mohawk valley.

The Mohawk—valley of beauty and romance—the valley where Leatherstocking scouted, and the Mohawk wielded his tomahawk, and the Huron unsheathed his scalping knife and followed the trail.

As I passed the little town of Ilion, at the head of the valley, I saw an unusual sight—a sight of unusual beauty.

In a spacious green field, close to the train as we passed, sixty young girls, dressed in spotless white, and carrying long red, white and blue streamers, were dancing around a May-Pole. Several thousand spectators were looking on. Beyond, in the middle distance, were the long, dark lines of massive factory buildings.

"And who and what are these?" I asked.

A fellow traveler told me. "Today," he said, "is the Annual Field Day of Remington Typewriter Workers, and this is the principal event of the Field Day, the May-Pole Drill by Remington factory girls."

A May-Pole Dance on the spot which not long ago witnessed the movements of a War Dance!

Ilion, in the Mohawk Valley, the New World town which bears the name of the sacred city of Homer, is likewise Homeric in its contrasts.

"Tomahawk," "Trigger," "Typewriter," are the three words which sum up its history.

These three words likewise sum up the history of the New World.

It was Ilion, once the scene of the tomahawk and the scalping knife, the crudest weapons of aboriginal warfare, that gave the world the Remington rifle, the deadliest weapon of civilized warfare.

And again it was Ilion which gave the world the Remington Typewriter, the highest development of the arts of peace.

Ilion history is likewise Remington history.

The word Remington once meant an implement of carnage; it now means an implement of commerce. Once it meant destruction; now it means construction. Once it meant war and woe; now it means peace and prosperity; fulminating caps succeeded by finger key; triggers by type bars.

In 1870 the Remington rifle spoke at the siege of Paris, but a pen wrote the Franco-Prussian Peace Treaty.

In 1905 the Remington implement of war was silent at Port Arthur, but a Remington clicked off the Treaty of Portsmouth.

War spells waste, but peace spells progress. The Remington implement of peace has given progress to the world, and by the just law of compensation, what it has given it has received again.

In Ilion today, devoted to the arts of peace, is a plant twenty times the size of that once devoted to the arts of war.

Grant in war, but greater in peace, sums up the history of this famous name.

M'KEE RANKIN
AT BROADWAY IN
GREAT REPERTOIRE

McKee Rankin as Sykes.

The question as to whether we are going to see McKee Rankin at the Broadway Theater in motion pictures or in reality was settled yesterday when we saw with our own eyes the veteran of the stage step out and go through the tense scenes of Magda with as much emotion as years ago.

Miss Marguerite Drew, a sister of John Drew, is the leading support.

Magda will be produced for the last time this evening. Beginning with tomorrow McKee Rankin and company will be seen in a condensed version of "The Yankee Lawyer," which will run for the balance of the week. Next week Rankin will produce two pieces which made him face, "The Jewess," and "Oliver Twist." Change of bill on Sunday and Wednesday.

Besides this extraordinary engagement, four other high class vaudeville acts are to be seen in conjunction with several reels of the latest motion pictures. The management announce an entire change of both vaudeville and pictures on Wednesday.

SMUGGLE CHINESE AT HALF MOON BAY

The Customs Officials Believe More Than 100 Celestials Were Landed.

SAN FRANCISCO, June 4.—Immigration and customs inspectors are searching bay cities today for Chinese believed to have been smuggled in Saturday night in a gasoline launch found near Half Moon Bay.

Frederic T. Sutton, an attorney of Oakland, who was camping near the place where the launch was found, reported to the immigration officials yesterday that he had seen two sloops draw close to shore under cover of darkness and exchange light signals with someone on shore. A few minutes later a launch slipped out from shore and made trips back and forth from the sloops the remainder of the night.

The immigration inspectors, when summoned by Sutton, found the deserted launch, containing articles of Chinese clothing, Chinese matting, a sack of potatoes and two water casks. Residents of the vicinity said they had seen many strange Chinese along the shore Sunday, but they had disappeared.

Customs officials declare that in all probability there were between 100 and 200 Chinese landed.

136-MILE AERIAL RACE IS PLANNED

Frank Stites, Injured at Long Beach Recently, May Participate.

LOS ANGELES, June 4.—An aerial race of 136 miles, the first of its kind on the Pacific coast, is planned for June 16, the starting and finishing point to be Dominguez field. Among those who have declared their intention to compete are Glenn Martin, Frank Champion, Frank Stites and F. Charpentier, the latter recently from the Aero Club of France. Stites, who was hurt last week in an accident at Long Beach, believes he will be sufficiently recovered from his injuries to participate.

JUDEANS WILL HOLD A WHIST TOURNAMENT

The Judeans, Inc., will hold their monthly whist tournament Thursday, June 6, at their club rooms, Thirteenth and Webster streets. The game is always hotly contested and a good night's sport is assured. With the steady increase in membership the Judeans find the present quarters entirely too small, which makes them contemplate building their own home, for which a sinking fund has been started, thanks to the efforts of the officers and directors.

WORLD AND CLEMENTS.
STOCKTON, June 4.—An unsigned letter has been received by the police announcing that the writer killed W. H. Newman, the salmon man for whose death Zelle Clements is being held responsible. Clements is said to have confessed to killing Newman following an attempt to rob salmoners in the place, and is believed that he letter was written by some one interested in the case with the hope of creating a possible doubt about Clements' guilt. It is said Clements hopes to prove an alibi notwithstanding his confession.

INCREASE IN RECEIPTS OF SUEZ CANAL COMPANY

PARIS, June 4.—An increase in the receipts of \$146,000 over the preceding year was reported at the annual meeting of the Suez Canal Company yesterday. The total receipts for the year were \$27,762,000. This, it was announced, justified a reduction in the tariff on vessels, which again will be lowered next January.

Although business with China was hampered by political conditions, the export trade with India and the Dutch Indies showed an increase, while Japan extended her commercial relations with Europe.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That law of these women have been disappointed in their expectations is proved by the fact that 75 per cent. of all women treated by Dr. Pierce or his able staff, have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and outside Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult us by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon demand. Roosevelt's Determination to Wage War Causes Unrest Among Leaders

McKinley and Dixon Due to Begin the Final Battle for Candidates

CHICAGO, June 4.—Theodore Roosevelt's determination to renew the fight on Senator Root for temporary chairman and to bend every effort to his defeat when the Republican national convention is opened June 18, caused general unrest today among the Republican leaders and national committeemen who already have arrived for the pre-convention work.

It was apparent that the Roosevelt leaders in the west had expected no fight against Senator Root's appointment, but Alex H. Revali and Edward Sims declared themselves in accordance with Colonel Roosevelt.

Victor Rosewater of Omaha, acting chairman of the national committee said the action of the subcommittee on arrangements in picking Senator Root was final unless some member of the national committee demanded that it be reviewed by the full committee.

WILL SUSTAIN NEW.

It is said an active Roosevelt man on the national committee may bring up for review the appointment of Root, but the committee, it is believed, will sustain Chairman New and his subcommittee, throwing the fight on the floor of the convention.

Open hearing of the contest, which are to be taken up by the national committee Friday, is apparently assured. Acting Chairman Rosewater is highly favorable to such action since President Taft and Colonel Roosevelt have both asked for it.

Rosewater said the committee undoubtedly would reach its decision on each contest behind closed doors after the arguments had been made. Up to today, contests in 230 cases have been announced and more are expected.

LEADERS ARE DUE.

Congressman W. B. McKinley and Senator Joseph M. Dixon, campaign managers for President Taft and Colonel Roosevelt, respectively, were expected to arrive in Chicago today to begin the final battle for their Ohio senator and Taft's attorney in the contests and several other prominent leaders were also expected to arrive.

Both camps are located in the Congress hotel, which also is the official headquarters of Colonel Taft. Mr. New, chairman of the subcommittee on arrangements, advanced guards of both Taft and Roosevelt factions opened headquarters yesterday in preparation for the coming of the two chiefs.

With the arrival today of Victor Rosewater of Nebraska, acting chairman of the national Republican committee, was expected the members of that committee present would meet informally. No regular meeting of the committee was scheduled for today, however.

CONFERENCE WITH NEW.

Upon arrival here former United States Senator Charles Dick and Victor Rosewater conferred with Chairman New of the subcommittee on arrangements.

Rosewater, commenting on the attempt of R. B. Howell of Omaha to take an immediate seat on the national committee said:

"I regard it as an attempt by Mr. Howell to divert the attention of the committee from the real subjects which should occupy them. I do not consider it of any consequence."

No open session of the committee's hearing was made by Mr. Rosewater, although he made no definite statement.

FAVORS OPEN HEARINGS.

Former Senator Charles Dick of Ohio, President Taft's contest attorney, said upon his arrival from Washington that he strongly favored the open hearings; Ormsby McHard, the Roosevelt contest attorney, has long favored such action.

"The committee has no reason for refusing the new hearing," said Acting Chairman Rosewater, "if the principals themselves want the session open. The committee has never conducted 'star chamber' proceedings for attorneys for both sides have been present when cases were argued."

But one proxy is to be held in the committee's sessions, so far as can be learned. Thomas H. Devlin will represent Colorado in place of National Committeeman Charles E. Cavender. Several informal meetings of the opposing elements in the committee are expected, preparatory to the session of the full committee Thursday for its work of organization.

Word was received at headquarters that "A. Perkins, national committeeman from Washington because of an accident, would be delayed in arriving for the national committee meeting possible until the last day." It was said his proxy probably would be given to William Barnes Jr. of New York.

James A. Comer and S. H. Holt of Arkansas are representing the Roosevelt contests, had a long conference today with Ormsby McHard, attorney for the Roosevelt interests.

John Everman, assistant to Representative McKinley in the Taft national headquarters arrived from Washington.

FACES HARD FIGHT.

TOLEDO, Ohio, June 4.—Governor Judson Harmon faces a fight on the adoption of the unit rule in the Ohio Democratic convention which is to meet far organization and adjourn until tomorrow when six candidates-at-large to the Baltimore convention will be elected and a state ticket nominated. His friends insist he is entitled to the united vote of the state's 48 delegates in the Democratic

New Dreadnought Arkansas Damaged

WASHINGTON, June 4.—Information that the new dreadnought Arkansas has met with an accident on her trial trip off the Maine coast has reached the navy department. The details are not yet available, but it is thought the ship is not in danger. A report to the navy department says the "skin" of the ship was badly dented, but not broken by a reef or ridge, but that efforts will be made to continue the trial trips regardless of the accident. The report does not say how the accident occurred.

Although the naval board of inspection, headed by Captain Frenthaler is aboard the Arkansas, the vessel still is in the hands of the New York Shipbuilding Company of Camden, N. J. Any damage sustained in the accident will have to be borne by the contractors.

The Arkansas scraped along the rocky ridge for 45 feet. The ship is leaking, but not beyond the control of her pumps. Probably the double bottom alone saved the vessel from sinking.

Mrs. M. A. McLaughlin, 512 Jay St., La Crosse, Wis., writes that she suffered all kinds of pains in her back and hips on account of kidney trouble and rheumatism. "I got some of Foley's Kidney Pills and after taking them for a few days there was a wonderful change in my case, for the pain entirely left my back and hips and I feel like a new woman." Congressman Hubbard Of Iowa Is Dead

SIoux CITY, Iowa, June 4.—Congressman E. H. Hubbard of Sioux City, representing the eleventh Iowa district, died suddenly this morning at the home of John C. Kelly, editor of the Tribune.

Hubbard was a candidate for renomination in the eleventh district yesterday against George C. Scott of Sioux City, and early returns indicated that he had won the nomination.

Heart failure is given as the cause of Hubbard's death. Congressman Hubbard had made a hard campaign for renomination and was apparently in his usual health yesterday. Early last night he walked to the home of John C. Kelly to receive election returns. At 8 o'clock he fell unconscious. He rallied and at 11 o'clock appeared much better, but a short time later he became unconscious and died at 7:30 this morning. His son was at his bedside. His wife is on the way home from Washington and is expected here tomorrow. Arrangements for the funeral probably will not be made until Mrs. Hubbard arrives.

44 FINAL DECREES ISSUED DURING MAY

Cupid went to sleep in the case of 44 Alameda county couples during the month of May, according to the record of the divorce courts, as there were that many final decrees issued. In addition to that there were five marriages that were annulled.

During the same period 203 marriage licenses were issued, a number above the average of preceding months.

convention for the reason that he defeated Woodrow Wilson in the recent presidential preference primary.

The Wilson forces have 19 of the 42 district delegates and insist that Harnum, who was elected at a direct primary, they should not be bound by instructions for Harmon under the unit rule. They are said to be willing to endorse Harmon for president and give him a complimentary vote also, but do not want to be tied up with instructions.

BARREL REPORTED EMPTY.

NEW YORK, June 4.—The Wall Street Journal yesterday contained the following: "Wall street is wondering today why the Roosevelt leaders, Senator Dixon, Medill McCormick, Bainbridge Colby and others are still in New York when they had announced their intentions last week of moving their headquarters at once to Chicago. At the Waldorf, where the three leaders named were this morning, gloom was in the air."

Wall street suspects that the reason is money. It is said that for some mysterious reason the source of supplies has been cut off and there are not sufficient funds in hand to prosecute the campaign in Chicago. Preliminary primary expenditures were lavish and the funds, it is rumored, are all gone, with no more in sight.

"The theory growing out of this enforced detention in New York is that compromise negotiations are on foot and that a jolt in the fight against Senator Root is part of this program, with a view of leaving it to him to clear the situation in his opening address at Chicago."

PROBATIONER FACES HIS SECOND CHARGE

E. S. Van Horn, who was placed on probation in Alameda county some time ago for overdrawing his bank account, found a novel method of cooperating his finances in Calaveras county, which has placed him in further trouble.

Posing as a collector representing the state board of medical examiners, Van Horn approached one Dr. Bobbie Sat Tong, and is said to have told him that he was delinquent in his practicing fees. Accordingly, he collected \$30, purporting to include three assessments, and then later raised the fee to \$40. So well did he succeed that another man went into competition with him for the job, and then the Chinaman objected. He told the sheriff, and Van Horn, whom he knew better, was arrested.

The probationer is back in Oakland, facing the probable curtailment of his freedom.

He appeared before Judge Ellisworth this morning and the case was continued for one week for an investigation.

FEDERAL CAVALRY MOVES TOWARD CHIHUAHUA

Rebels Send Mounted Force to
Check Generals Villa and
Rabago.

BATTLE MAY BE
FOUGHT AT BACHIMBA

Orozco Sends Force Under Del
Torri to Retake Santa
Rosalia.

EL PASO, Texas, June 4.—The main
force of federal cavalry, moving
westward to check Generals Villa
and Rabago, is expected to arrive
at least a week because of the destruction
of portions of the Mexican Central rail-
road.

Generals Villa and Rabago, with a
large force of federal cavalry, are moving
toward Chihuahua in the southwest,
their flank movement being expected to
harrass General Orozco's forces at the
rear. When the main column of General
Huerta is brought north of the rail-
road, another flank movement is said
to have been begun by the federalists from
the east.

The rebels have sent a large force of
cavalry, westward to check Generals Villa
and Rabago, but as yet no men have
started eastward.

EXPECTS TO FIGHT AT BACHIMBA.
General Orozco expects the main en-
gagement to be fought at Bachimba, a
mountain pass 48 miles south of Chihuahua,
which he is now fortifying, but
whether General Huerta's federal
troops will accept the challenge or move
his troops around behind Bachimba and
into Chihuahua is an alternative which
rebel scouting parties have been unable
to determine.

Rebel scouts report that a small force
of federal cavalry has come as far north
as Santa Rosalia, 60 miles south of Ba-
chimba, but declare that General Huerta
has made no attempt to reconstruct the
lines north of Jimenez. Progress over-
land with heavy artillery would be diffi-
cult and slow.

DOESN'T FEAR HUERTA.
So confident is General Orozco that
there is no immediate danger of an at-
tack on General Huerta's main column
that he has sent General Francisco del
Torri southward to retake Santa Rosalia.
The knowledge that a battle even at
Bachimba, 46 miles away from Chihuahua,
is not likely for several days, has
relieved the tension that existed there
for some time.

FOUR HUNDRED VOLUNTEERS.

NOGALES, Sonora, June 4.—Four hun-
dred volunteers, including 200
Yaquis, left here yesterday with 84 reg-
ulars to join the army of General Huerta
at the Chihuahua state line. The column
was commanded by Colonel Camberos,
chief of military affairs at Nogales and
Vice-Governor Gayou of Sonora.

REBEL CONSPIRATORS EXECUTED.

TUCSON, Ariz., June 4.—Five rebel
conspirators were executed by federalists
yesterday, following the discovery of an
alleged plot to poison the water supply
of Mazatlan. They were caught Sunday
with a box of cyanide in their possession
and yesterday were stood up against an
adobe wall and shot by a squad of federal
soldiers.

PAYS \$100,000 FOR HORSES.
KANSAS CITY, June 4.—Captain
Lanning Parsons, purchasing quartermas-
ter for the United States army,
bought 625 horses here to be used in
the federal cavalry and artillery, paying
\$100,000 for them. The horses are to
be sent along the southern border and
to various forts in Texas.

It will be noted that the Boston widow
who gave up an annual income of \$400,000
to marry for love had six years in which
to accumulate feathers for the new nest.

For Sallow, Wrinkled,
Freckled, Pimpled Skin

(From Woman's Home Journal.)

If you have any cutaneous blemish,
don't use paint, powder or anything else
to cover it up. Too often this only empha-
sized the defect. Besides, it's much easier
to remove the disfigurement with ordi-
nary mercuric wax. Applied nightly, the
wax will gradually remove freckles, pim-
ples, blackheads, moth-patches, sallowness,
or yellow blotches, or any surface
eruptions. The affected cuticle is ab-
sorbed, a little each day until the clear,
soft, youthful and beautiful skin beneath
is brought wholly to view. Ask the druggist
for an ounce of mercuric wax and
use this like you use soap and water.
Remove in morning with soap and water.
Many who have tried this simple and
harmless treatment report astonishing re-
sults.

If bothered with wrinkles, sagging
cheeks or double chin, a wax lotion made
by dissolving an ounce of ascorbic in a
half-pint witch hazel will prove effectual.

AGED WOMAN IS FATALLY INJURED

Rachael C. Baldwin Struck by
Car on East Fourteenth
Street.

Rachael C. Baldwin, 76 years old and
living at 831 East Sixteenth street, was
struck by an eastbound street car on
East Fourteenth street at Eighth ave-
nue last evening, sustaining possibly fatal
injuries.

She was removed to the receiving
hospital, where, upon examination, Dr.
Reine and Acting Steward Rae found
that she had sustained a fracture at
the base of the skull, a broken right arm,
broken ribs and dislocated left thumb
and numerous bruises and contusions.

The aged woman was crossing the
street at the time of the accident, and
became confused at the rapid approach
of the car. She was struck a violent
blow and thrown to the pavement.

KAISER AND TAFT EXCHANGE CABLES

Emperor Grateful for Recep-
tion Given German Fleet
by Americans.

WASHINGTON, June 4.—A cable
message from Emperor William to
President Taft, thanking him for the
hearty welcome extended to the Ger-
man fleet in Hampton Roads, was
made public at the White House to-
day.

The emperor's message was in an-
swer to one sent by the President
and reads as follows:

"I thank you for the kind message
and the hearty welcome which you,
the American navy and the Ameri-
can people have offered to the offi-
cers and crews of my cruisers. I
trust the visit of my ships to your
shores may further contribute to
strengthen the good and friendly re-
lations existing between our two
countries."

WILLIAM, R. I.

President Taft's message was as
follows:

"I wish to express to you the great
pleasure it is to me to have you
to welcome the officers and crews of the
German squadron to our ports, and
to visit your magnificent battle
cruiser, the Moltke. I trust that those
who so ably represent your efficient
navy in this occasion may carry
home with them some of the pleasant
and cordial recollections experienced
by the officers of our ships while in
your hospitable waters."

GOES TO CHAIN GANG
FOR ANNOYING PUPILS

Charles Gouvier, arrested by indignant
citizens in the neighborhood of the Grant
school because he had followed the girls
of the school on their way to and from
school and had bothered the children,
was found guilty of disturbing the peace
on the testimony of half a dozen chil-
dren today, and was sentenced by Judge
Mortimer Smith to spend sixty days on
the city rock pile. The trial was heard
behind closed doors.

Gouvier is a Slavonian and speaks but
little English. He acknowledged ac-
cording some of the children, and also
acknowledged hiding in Moswood park
to bother the youngsters. Judge Smith
severely reprimanded the defendant in
sentencing him.

Citizen Charles Robinson and others
affected capture of the Slavonian and
sawed out a warrant on information and
belief. Gouvier was employed as a cook
at St. Mary's college. He is about 20
years of age.

IN RECITAL TONIGHT

An evening of music will be given by
the pupils of Mrs. Charles Poulter at
Loren hall, between Washington and Clay
streets, this evening. There will be the
second affair of the kind within the
week given under the auspices of the
talented teacher, assisted by a number
of promising students.

The recital given at the home of Mrs.
Poulter Wednesday evening entertained
over fifty people. Delightful refreshments
were served.

WARDEN ALONE IN OPPENHEIMER CELL

Johnston Shows Grit by Interview With "Tiger" Promises Reform.

SACRAMENTO, June 4.—In an interview James A. Johnston, the new warden of the Prison State Prison, announced his determination to work out a number of reforms. While stating that his experience in prison work during the last Friday night, was too short to allow him to give in detail what he proposes to accomplish, he said that the straitjacket and other instruments of torture would be abolished, though the unruly would be punished.

It was short on promises but long on accomplishment," Johnston is quoted as saying. It was stated yesterday that not more than 300 or 400 of the 1200 prisoners took part in the riotous demonstration last Friday night. The men who led the noisy episode are characterized as the most desperate and most unruly convicts at Folsom. The better element, which is greatly in the majority, deplore the disgraceful scene enacted Friday night.

Yesterday, in company with Prison Director D. M. Duffy, Warden Johnston made a tour of the prison yards, shops and stone quarry, mingled freely with the convicts and engaged in short conversations with at least a score of the men. One incident that shows the utter disregard the warden has of his personal safety was when he made an investigation of the cinder shed cells, where three men are now awaiting execution.

Among the trio is "Jake" Oppenheimer, twice a murderer under sentence of death and said to be the most desperate convict in the State. Oppenheimer expressed a desire to have a private conversation with Warden Johnston, and he stipulated that the conversation should be held in his cell with the door closed. Warden Johnston entered Oppenheimer's cell and the door was closed. A guard stood outside.

Johnston explained that "Jake" desired him to observe how dark the cell was when the door was closed. The warden saw or rather couldn't see. Oppenheimer had used the most effective means that his fertile brain could devise in presenting his particular complaint to the warden. In the general plan of reform that is to be put into operation, it is understood that the condemned men will not be forgotten.

FIELD MANUSCRIPT IS OBJECT OF \$1700 SUIT NEW YORK, June 4.—A Eugene Field manuscript that brought \$1700 at auction was the subject of dispute in a case in the Supreme Court yesterday, in which the Anderson Auction Company sued George H. Richmond, a book dealer, for the purchase price. The defendant declared that the manuscript was purchased on the understanding that it had never been published, but that it developed later that parts of it had been published.

Justice Ames directed the jury to find a verdict for the full amount sued for. The auction company admitted that parts of the manuscript had been published before the sale. The manuscript was originally a gift from Eugene Field to Edmund Clarence Stedman in appreciation of assistance given to procure a publisher for some of Field's early work. It was entitled "A Little Folio of Proper Old English Ballads," for Edmund Clarence Stedman, by Eugene Field, done at Chicago in the year 1887.

CROWN PRINCE MAKES HIS DEBUT AS AUTHOR BERLIN, June 4.—Crown Prince Frederick William has made his debut as an author. "From My Hunting Diary," which is now being printed, describes the Crown Prince's hunting experiences in Germany and abroad. Many photos will appear in the book, some of them by the Crown Prince.

GIVE AWAY RAISE WINE. LONDON, June 4.—The taste of a well known firm of wine merchants recently purchased at auction fifteen casks of Moselle at \$2.50 a dozen. It is now being sold at \$1.50 a dozen. The casks, worth \$1 a bottle. The wine was originally a gift of the Emperor of Austria to an English nobleman and was wrongly classified at the sale.

Routes of Travel and Summering Places

If Your Time is Valuable

When you choose your route East, going on the excursion fares commencing in April, put some thought on the chances of reaching your Eastern terminal "on time." Is this going to be important to you? The "on time" operation of Burlington trains is commented on by travelers all over the country. In a recent calendar year the Chicago-Denver Limited arrived in Denver "on time" 355 days out of 365. Such evidences of perfect mechanism, integrity of roadbed and a highly-developed organization should appeal to those to whom punctuality in train operation is of much importance.

BELGIUM GREETES EXPOSITION MEN

Active Interest in 1915 Fair Is Taken by Government Officials.

BRUSSELS, June 4.—The Panama-Pacific Exposition Commissioners arrived here at midnight on Sunday and are staying at the American Embassy. Notwithstanding the pressure of work attendant on election, M. Davignon, Minister of Foreign Affairs, and M. Armand Hubert, Secretary of Industry and Labor, received the Commission this morning in a most cordial manner. They manifested the greatest interest in the coming exposition and showed that they were thoroughly posted in regard to the opening of the canal. They expressed the hope that Belgium would be strongly represented at the celebration.

Yesterday afternoon the Commissioners visited the International museum and, later on, motored to Waterloo. They met many prominent men at the Embassy dinner last night. They express themselves as delighted with their reception in Belgium. King Albert will receive the Commissioners tomorrow.

WELLS, FARGO LOSES CASE THREE YEARS OLD

LOS ANGELES, June 4.—An egg case containing thirty dozens weighs thirty pounds. Interstate Commerce Commission declares in deciding a complaint brought by the Frank Simpson Fruit Company against Wells Fargo & Co. The case dates back three years to January, 1909, when the former company shipped a carload of eggs here from Kansas City. The shipment consisted of 400 cases, thirty dozens each, and the express company charged for 22,000 pounds, at the rate of \$3 a hundred weight.

The complainant insisted that the weight should have been only 2,200 pounds, and objected to paying \$660 express charges. The published tariff provides a rate of \$3 a hundred pounds on eggs and also provides for a charge of \$5 each for cases of thirty dozens capacity, and Wells Fargo instructed agent, to quote the case rate instead of the rate a hundred pounds.

REVOLT OF ALBANIANS SAID TO MENACE TURKEY

CONSTANTINOPLE, Turkey, June 4.—A dispatch from Ushak, in the vilayet of Koevo, reports that the Albanians, the famous Albanian chief, has arrived there. He declares that a general revolt is imminent.

"The Albanians," he said, "intend to win liberty or die in the attempt. The Turks never keep their promises." Hassan Bey and Nedib Drega Bey, former members of the Ottoman parliament, are assisting the Albanians to organize a general uprising.

A remarkable feature of the movement is the participation of the Albanian Catholics, under the leadership of Zefi Vogel. The Albanians are exasperated because of prosecution at the hands of the Young Turks. The Ottoman government is sending an army corps to Albania in the hope of crushing the revolt in its incipency.

RAISIN GROWERS PLEASED BY SEEDER FIGHT RESULT

FRESNO, June 4.—The decision of Judge Wellborn in the Pettit patent case is without doubt the greatest thing for the raisin growers that ever happened," is the opinion expressed today by Attorney L. L. Cory, one of the lawyers who represented the independent raisin growers in the recent fight.

"This means," said Mr. Cory, "that the growers will be placed on a competing basis. As the independents will no longer be compelled to pay royalties it follows that the growers who ultimately pay the money will be the beneficiaries. The decision means that the raisin industry is now on a legitimate basis."

THERE'S NO RISK

If This Medicine Does Not Benefit You Pay Nothing

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

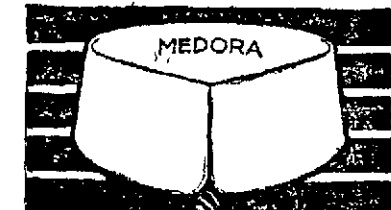

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistance and regularity for a short time brings about permanent cessation of the pain caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite and digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at The Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

Your thirst for comic refreshment will find satiety at the Macdonough theater, where Margaret Anglin is presiding at the lemonade booth. That she may be advertised by her loving friends, we would state that she will be leading out after tomorrow night, which is to say, for three performances.

Great! We've passed the critical point without springing a pun or any other low form of humor at the expense of "Green Stockings." The achievement is a day's work. The "low descending sun" finds us counting the twenty-four hours not at all lost.

"Green Stockings" is one of those comedies in which dramatic possibilities are drawn out like a school girl's chewing gum. And yet you forgive and forget gladly and have now at situations that couldn't exist outside a theater. Truth may be stranger than fiction but that's saying nothing about the fiction that springs merrily from a playwright's typewriter.

BUT WHAT OF THAT? You forget, we say, and what you do not forget, you forgive. In the light of the rosy glow that is spread

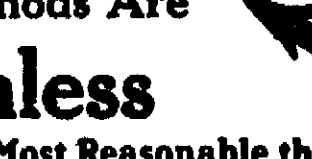

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. STATE TEXT BOOKS REDUCED IN PRICE

Board of Education Takes the Axe to Every Volume in California Series.

SACRAMENTO, June 4.—The price of every book in the California school series was reduced yesterday by the State Board of Education. The reduction affects twenty-three books used in the primary and grammar schools of every county in the State, and takes effect on July 1.

The cut in prices was made on the recommendation of Friend W. Richardson, State Printer, who reported saving in the cost of manufacture of school books ranging from 12 to 49 per cent, and averaging a fraction less than 25 per cent.

At the annual sale of State school books to pupils is approximately \$500,000, this will mean a saving to parents of from \$20,000 to \$50,000 per year.

The following table shows the old prices of the books to pupils, the new prices and the saving per book.

Richardson told the State Board yesterday that the limit in the direction of the reduction of the manufacturing cost of books by the State had not been reached and that further cuts would be made in the future.

While the reduction of the manufacturing cost of the books averages nearly 25 per cent, the reduction in retail prices to pupils average 15 per cent. This is because the price to pupils includes two other elements, postage, which is fixed, and royalty, which cannot be changed during the contract period with the book company.

For the writing books the State has a large stock of paper on hand, purchased several years ago at a much higher price than the present market quotations, so it was decided to reduce the books 1 cent each.

An influential effort was made at the meeting of the Board of Education to vote a four years' contract with Silver, Burdett & Ginn for use of the plates of the company's new guide books in English, to replace the present books of the State series.

When the roll was called the members of the board stood 5 to 3, two of the members voting with Governor Johnson, who presided, against the proposition.

The question of the adoption of the Silver-Burdett books is an old one, dating back to more than a year and a half ago. President Burk of San Francisco Normal, who has opposed the change on the ground that neither the books nor the revision offered were satisfactory for public school use, had today to postpone the matter until after the next election, when an amendment providing for a change in the organization of the State Board will come up.

'NATURE' SWIMMERS TO BE RAIDED BY POLICE

SAN RAFAEL, June 4.—A raid against the "nature" swimmers of Marin county is to be made by the sheriff and his deputies next Sunday. The Marin supervisors have set their official foot down upon the pastime of swimming in the nude. Stringent orders for the suppression of the practice were given the sheriff yesterday after Supervisor W. H. Johnson reported to the board that cross-country runners from San Francisco were accustomed to wind up their runs with a dash into the ocean breakers in "birthday clothes" at Willow Camp and other beaches along the coast. The sheriff was empowered to swear in extra deputies so that he can station them at all bathing places.

WASHINGTON TO FILL CUSTOM HOUSE JOBS

SAN FRANCISCO, June 4.—Vacancies in the local customs service will bring little relief to the job chasers for some time, according to a letter received by Collector W. H. Stratton yesterday from the Treasury Department.

Notice was served on Stratton that 124 clerks had been temporarily suspended at Washington, and that they were to have the first call on any vacancy that might occur here.

Collector Stratton was requested to notify the department at Washington of any vacancy that may occur here, and instead of his appointing some local person to the position the department is to be given to those on the suspended list at the capital.

HAD ROW WITH STRIKERS.

C. L. Cabrera, a machinist employed by the Southern Pacific Company and living at 1778 Seventh street, was taken to the Receiving Hospital yesterday with badly bruised features, which he said had been the result of an argument between him and a number of striking employees in West Oakland. He was taken to the hospital by a friend.

BURNED BY MOLTEN GOLD.

SALT LAKE CITY, June 4.—About \$300,000 worth of molten gold was spilt on Willard Hammen, state weight inspector, W. E. Farr, city sealer of weights, and H. B. Glass of the Oregon Short Line Railroad Company, at the Murray smelter yesterday.

The three men were standing near a pot of molten gold which was being melted, when a laborer accidentally dropped a piece of ore into the metal. All three were burned, but not seriously.

PHYSICIAN FACES JURY FOR MURDER

Dr. Frank D. Johnson Accused of Complicity in Bank Robbery.

CERHALIS, Wn., June 4.—Completion of a jury and the beginning of the introduction of testimony is expected today in the trial of Dr. Frank D. Johnson, charged with complicity in the murder of Lawrence Bar, president of the Farmers and Merchants Bank in Centralia, December 30, 1911.

The murder of Bar occurred during a holdup of the bank. Adelbert B. Clark entered the president's office and demanded the bank's coin. When refused, the man shot Bar, the banker dying almost instantly. Clark is said to have made a confession which implicated Dr. Johnson. Johnson denies any connection with the crime.

Although Dr. Johnson and Clark are charged jointly, the state elected to try Johnson first.

Monthly Report of Secretary Jordan Shows 2933 New Autos in Month.

SAN FRANCISCO, June 4.—The love or the need of the Californian for an automobile has developed so rapidly that more than 1000 automobiles are now being issued by the Secretary of State Jordan during each working day of the month. This is based on his monthly report for May, showing that 2933 automobiles were registered, 444 chauffeurs were licensed and 444 transfers were issued during the month, with a total of \$7,195.50 in fees in that department. Jordan's report shows that the total receipts for the first five months of the year amounted to \$297,000.07.

or an increase over the corresponding period of last year of \$43,983.

The report also shows the filing of a large number of articles of incorporation. During the month 217 domestic corporations organized for profit, 13 non-profit domestic corporations and 35 foreign corporations were registered. The total capitalization of these corporations was \$26,510,800.

Mrs. Lela Love, wife of Wiley Love, a farmer living near Corona, Cal., says she has taken E. J. King's Pills and found them to be just what she needed. They gave her almost instant relief when she suffered from indigestion and constipation. She is now feeling much better and can do her usual household work.

SENATE GUNS ARE TRAINED ON LORIMER BY KERN OF INDIANA

Hot Fight Will Be Made by Minority to Unseat Solon

WASHINGTON, June 4.—With Senator Lorimer holding conferences with his friends and organizing his defense, and Senator Kern of Indiana opening the fight against him with a speech in the Senate today, attention has been focused on the noted election case, which is likely to be the principal topic of consideration in the Senate for at least the next two weeks, and possibly may prolong the session of Congress.

Sensors Lea and Kenyon, who, with Kern, are the minority of the Lorimer investigating committee, holding that the Illinois Senator's election was brought about by corruption, are ready to join in the fight against the majority report exonerating Lorimer.

While the whole question of the validity of the election is the principal consideration before the Senate, a feature which promised to precipitate the first test of strength, is the contention that Lorimer's case, in legal parlance, is "res judicata," or has been once decided by the Senate and cannot be reopened. A majority of the committee which made the second investigation holds that Lorimer cannot be tried again on practically the same charges on which the Senate, by a vote of 46 to 40, acquitted him, March 1, 1911. The minority holds that this reasoning does not apply to Senator Lorimer's case.

STUFFED WITH SENSATIONS.

In the two years that Senator Lorimer's election has been under fire it has furnished probably more sensations than any other case of its kind. Lorimer was elected by the Illinois legislature May 27, 1909, after a prolonged deadlock, in which the names of more than 100 candidates, Democrats and Republicans, had been presented unsuccessfully.

However, it was not until nearly a year later that the validity of his election was challenged, when the now famous "confession" of Charles A. White, a member of the Illinois legislature, was published, charging that he had received \$1000 from Lee O'Neil Brown, Democratic leader of the Illinois House of Representatives, in return for his vote for Senator Lorimer, and also \$500 as a share of a "general corruption fund."

Then in rapid succession followed a series of sensational "confessions" by other members of the legislature. These confessions, however, were later modified or repudiated, with the exception of White's.

NAME GENERAL FUND.

The other men claimed they had received the money out of a general fund and not in return for their Lorimer votes and in some cases charged intimidation by Cook county authorities to get the confessions from them.

Lee O'Neil Brown, who was charged with distributing "Lorimer money," was acquitted by a jury and other indictments were quashed. Charges of jury bribing in the Brown case were not sustained in court.

A committee of the United States Senate reported that the charges of corruption were not proved and held Senator Lorimer's title to his seat valid. Immediately thereafter the Illinois Senate appointed a committee of its own to investigate, and this committee reported that Lorimer would not have been elected without bribery and corruption, and the Illinois Senate, by a vote of 39 to 10, endorsed that view.

In the meantime, after a series of noteworthy debates in the United States Senate, Lorimer was vindicated there, 46 to 40, with five Senators not voting. The quota of Senators was 52, with one vacancy in Colorado.

SENATOR W. A. LORIMER, WHO IS FIGHTING TO RETAIN HIS SEAT IN THE UNITED STATES SENATE.

QUOTA IS INCREASED.

Since then, by the admission of New Mexico and Arizona, the quota has increased to 56, but the Colorado vacancy still exists, and there are 55 men to vote on the case this time. But of the 46 who voted to retain Lorimer, 11 are not now in the Senate and four of the five who refrained from voting are also no longer members.

The ranks of the 40 who voted against Lorimer have been depleted by only five and these places have been taken by men who seem to have

indicated that they will follow the views of their predecessors.

Senator Curtis of Kansas, who voted for Lorimer before, is said to be ready to vote against him this time, but this is counterbalanced by Senator Jones of Washington, who voted against Lorimer, but will vote for him this time. This alignment seems to throw the balance of power mainly with the new Senators.

The second investigation brought out the charge that Edward Hines, the millionaire lumberman, had raised a fund of \$100,000 to "poison" Lorimer over, but the majority of the investigation committee exonerated Hines as well as Lorimer. The Senator's election, the majority report holds, was due entirely to political conditions in Illinois, which made Lorimer the only candidate who could muster a majority.

KERN ON VINDICATION.

Sensor Kern gave special attention to the plea that the case had been settled by the Senate's vindication last year. That plea, he said, had been reached only at the last moment. He said he would not admit its validity, it had come too late, and that the plea itself was "res judicata."

Reminding the Senate that under the constitution it is the judge of the qualifications of its own members, Kern contended it was competent for that body to proceed at any time in any matter involving the integrity of its membership.

"There was no suggestion by Senator Lorimer or any one on his behalf, that the Senate had not ample power to make a re-investigation of his case," said Senator Kern. "He tacitly acquiesced in the Senate's action. He appeared in person and by counsel before the committee and during the investigation, cross-examining all witnesses called by the committee and examining scores of witnesses in his behalf."

FAILS TO SEE ANALOGY.

Kern declared that if any of the committee believed that questions being inolved were "res judicata," they were strangely reticent in not mentioning it while permitting the continuation of the investigation at a cost of more than \$50,000. He refused to concede that the proceedings were analogous to a civil action at law, but argued that if they were, the granting of a new trial, even on the ground of newly discovered evidence, opened the case for a complete re-investigation.

"It now is too late for Senator Lorimer to be permitted to urge this remarkable defense," declared Senator Kern.

Kern said he believed the first investigation had been incomplete and had failed to develop facts which must have been accessible. Senator Lorimer occupied a seat near Kern, giving careful attention to his arraignment. There were many visitors in the gallery.

Sensor Kern praised the personal reputation of Lorimer and said that but for his convictions regarding the gravity of the charges he would not be found engaged in the disagreeable task of a prosecutor.

REV. PERKINS CLOSES SERIES OF SERMONS

ALAMEDA, June 4.—The Rev. J. R. Perkins has closed his series of Sunday evening sermons in the pulpit of the First Unitarian church, and will probably take a clerical position in San Francisco during the vacation months. His later plans are not yet ready to be announced.

After Perkins resigned the pastorate of the First Christian church he preached a series of Sunday night sermons in the First Unitarian church, the board of that church tendering him the use of the pulpit on Sunday nights for as long as he cared to accept the invitation.

GRAND JURY MAY PROBE BORROWING

To Inquire Into Loaning to the Customs Employees by Brokers.

SAN FRANCISCO, June 4.—Collector Fred S. Stratton intimated yesterday that he would ask a federal grand jury to ascertain just what Foreign Agent R. M. Nichols, representing Wells Fargo & Co., knows about customs employees borrowing money from Charles F. Schrieber, who up to 10 days ago, represented the company as a customs broker.

In a statement issued yesterday Stratton said that while he had been prosecuting a vigorous examination into the statement made by Schrieber, that his alleged shortage was due to having loaned money to customs employees that he had been unable to get any assistance from the Wells Fargo officials.

In the meantime Schrieber has turned over the I. O. U. of the various people in his debt to Nichols and is endeavoring to get the officials to pay up and settle the business without divulging the names of those implicated. This is the course that he has been advised to follow by his attorneys and is said to be the reason why he has refused to give Stratton any assistance.

Accountants are still busy on Schrieber's books, which have not been checked for over two years and up to date it is said that no deficiency appears. Schrieber asserts that the evidence of indebtedness he has will balance any shortage that may appear. He also had a general power of attorney signed by William Spruce, president of the company at New York, in which he is given general powers to spend the money of the company in the course of his business and it is said he is thus protected from any criminal proceedings that might be begun against him.

CHILDREN'S DAY HELD AT BAPTIST CHURCH

ALAMEDA, June 4.—Last evening the Bible School of the First Baptist Church observed "Children's Day." The entire evening service of the church was turned over to the school and a delightful program was given, among the features of which were recitations, solos, readings and choruses by the primary and junior departments. Four selections by the Sunday school orchestra, under the leadership of A. Mathieu, a solo by Mrs. E. Leroux, and singing by the school, under the direction of Charles Coultiss. One interesting number was "the human music sheet," given by members of Mrs. A. Mathieu's class. A large white sheet was made to represent a musical staff. Notes were represented by painted flowers, the center of each being cut away sufficiently to make room for the face of a child, and each child sang a verse appropriate to the flower represented.

The orchestra is now a permanent institution and is very popular, and much credit is due Myrtle Ward, organist and pianist, for her faithful work.

The school cordially invites and will heartily welcome new members, and special effort is being made in the teaching to lay a sterling Christian character and to produce active and faithful church workers.

MISS GENEVIEVE STURM is the latest addition to the June brides-elect, having announced her engagement to George Harold Frear. The betrothal came as a complete surprise to the assembled guests, who were asked to the Sturm home for a bridge party this afternoon in honor of Miss Hazel Fossling, fiancée of Thaddeus Skourney.

The news was told after the card game, when dainty pink envelopes enclosing the cards of the young people were passed about. The rooms were adorned in French baskets of pink roses, and made an effective setting for the dainty gowns worn.

The wedding will take place some time this month, and meanwhile the many friends of Miss Sturm will entertain her at various affairs. She is the attractive daughter of Mr. and Mrs. Charles L. Sturm.

Frear is an Englishman, and a graduate of Michigan Agricultural College. He is engaged in business in San Francisco, where he and his bride will live. Forty matrons and maids were bidden to today's affair. Among the latter were:

Miss Alice Perkins Smith, Miss Hilda Porter, Miss Marjorie Porter, Miss Laura Van Slyke, Miss Helen Van Slyke, Miss Ida Graff, Miss Madeline Bennett, Miss Catherine Fink, Miss Geneva Griswold, Miss Adele Welch, Miss Edith Porter, Miss Hester Rawley, Miss Olive Rawley, Miss Catherine Skourney, Miss Edith Woodward, Miss Ethel Moore, Miss Doris Fuller, Miss Mary De Witt, Miss Rose Kirk, Miss Alice Cutler, Miss Claire Bowen.

WEDS TONIGHT.

Miss Florence Cobbledick will be crowned as a bride tonight by Sidney Chown of East Oakland at an elaborate ceremony at the home of Mrs. J. H. Cobbledick of Rock Ridge.

Rev. Frank L. Goodspeed will officiate and Mr. Brockwell will be the ring bearer. The bride will be in the keeping of the bridegroom.

Before an altar of pink roses the ceremony will be performed.

The bride gown will be embellished with white lingerie and will be worn the filmy tulle veil and the orange blossoms.

Miss Florence Crouse will be bridesmaid and little Emmaline Kempey will be the flower girl, while Helen and Edward Cobbledick will be the ribbon bearers, and Norman Chawn will be best man.

After the reception which will follow the wedding the couple will depart on their honeymoon, and on their return will live in Berkeley.

SAN FRANCISCO BELLE WEDS.

Miss Ethel Pippy and Dr. Clifton Maudslayi were married last night at a large assembly of fashionable folk. After the ceremony a reception was held at the Fairmont Hotel.

The bride has many friends here. She is the daughter of Colonel and Mrs. George Pippy. She wore a superb wedding gown of white satin made with a long train and wore the wedding veil.

Miss Todd and Others Give Rules by Which All Men May Be Better.

SAN FRANCISCO, June 4.—A "Decalogue of Don'ts for Husbands" is the latest out.

Miss Helen Todd, chairman of the San Francisco Center, and active in social service work throughout the country, has a list of five don'ts which cover the chief domestic sins of men.

Here are the things that Miss Todd says "don't" to:

- Don't monopolize.
- Don't inform your wife on all subjects. Converse with her. Remember that women like to be talked to, not lectured.
- Don't think that because people have no attraction for you they must of necessity be unattractive to your wife.
- Don't monopolize the intellectual life that comes your way. Make your wife a part of it. Do things with her, not always for her.
- Don't think that the kitchen and nursery are the limits of your wife's world. She may be useful and successful in a number of other places.
- Don't neglect Allen, secretary of the San Francisco Center, states the following "don'ts" as a warning to men:
- Don't be wedded to your carpet slippers and your newspaper. Remember your wife might want to be a part of your leisure hours.
- Don't expect a two-dollar dinner for yourself and your friends on a fifty-cent allowance.
- Don't tell your wife continually how well the chef at the club cooks. That's the chef's sole business, generally.
- Don't tell her when she wants a vote (as a means of expression) that public interest will "coarsen her delicate fiber."
- Don't forget to be polite just because she's your wife.

Too Strict for Her

BOSTON, June 4.—Back Bay and Brookline society folk were stirred yesterday by news that Miss Wilhelmine Manierre of Chicago, daughter of a millionaire real estate man, had broken her engagement to Reginald Parry Kennard, brother of Vice Kennard, the Harvard football player.

Miss Manierre, according to her father, found the "don'ts" of Boston society life "too irksome."

"A girl born and bred to the freedom which we enjoy in Chicago could never stand it," Manierre quotes his daughter as saying. "A visit to the Kennards' was a revelation to me. I was responsible for his daughter's change of heart."

When she returned home from Boston, she said the millionaire, "she told me that Reginald was a snob. She said to his mother's snob strings."

She wanted to marry a man and not a mother-in-law."

'Slaver' Confesses

PORTLAND, Ore., June 4.—Arrested as a white slaver living off the earnings of his wife, "Mr. E. Allen," a barber, yesterday broke down in prison and confessed to being a woman, who for twelve years has masqueraded as a man and worked as a barber in various cities. Her true name, she said, was Nell Pickrell.

Officers who had figured in making the arrest were dumfounded at learning of the deception, feeling that the woman's disguise was perfect. Her discovery of her true sex did not free Miss Pickrell, however. The police declare she brought Alice Maxwell here from Seattle and lived off her earnings, and this Maxwell girl admits. She declares she had not suspected that Miss Pickrell was a woman.

Miss Pickrell says she is 30 years old and has a son 14 years old living with her parents in Seattle. She took to man's attire, she said, because she could more easily make her way in that guise than as a woman. By long practice she has cultivated a manly voice. Miss Pickrell has been held by the Federal authorities as a white slaver, and Miss Maxwell is held as a witness.

Shoelifter Freed

LOS ANGELES, June 4.—Following the reading of the ten commandments and the giving of her promise that she would not attempt to commit suicide, Miss Cecilia M. Chappelle, formerly a Yonkers hotel's clerk, stood before City Prosecutor Guy Eddie and was freed of the charge of shoplifting placed against her, mainly because of an injury to her head that is blamed for her stealing.

Miss Chappelle told the officers after her arrest that her downfall was directly due to her gambling on the stock market, and that she had lost all of her savings and \$200 more borrowed from her father.

The promise not to commit suicide was exacted by the officials because of mutterings Miss Chappelle had made in the city prison, that she "might as well end it all."

One of the city physicians, after an examination of Miss Chappelle, announced that an injury she suffered to her head a year ago was probably responsible for her kleptomaniac inclinations.

LONDON, June 4.—In reply to an inquiry as to the truth of report that she was considering an offer to appear in vaudeville in America, Mrs. Patti Craig y Nolas (Wales), June 3. The report is ridiculous and absolutely untrue.

Not Identified

SANTA CRUZ, June 4.—Coroner Louis H. Wessendorf indefinitely postponed an inquest in the case of the unidentified woman whose body was found in the surf here Friday, pending information from Mrs. Lila Lomax of San Francisco. It is believed Mrs. Lomax may be able to identify the woman, as she is the mother of Burdette Lomax, who died several years ago, and whose name "Burdette Lomax" was found in the dead woman's purse.

American Women Have the Most Liberty

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

THE American people, especially the American women, are the most liberal and generous of all nations. What other nation would allow one of its countrywomen to get up on a platform and tell them what she considered their faults? What other country would interview an American woman on the manners and customs of their women and publish her opinion of them, what she thought of their beauty or manners? If our women are visiting any other country, they are never interviewed; nor are they asked to speak at any club or society, excepting perhaps upon religion or science, and should they refer just a little to the beauty or home life of the people whom they are visiting it would be stricken out of any report. Here people invite criticism of our women from foreigners. Mme. Materlinck poses as a beauty, affects the esthetic and freely criticizes the American women, and states that woman's place is in her home and a lot of other platitudes. Mme. Michales comes forward, gives a lecture upon the beauty of women and advises us to remain in our homes, and now Mme. Owanata, a Japanese, comes to us and tells us the same thing. And the Americans allow it.

Why do we allow these women to discuss us to our faces? I cannot understand why they come here, stand in the limelight, seek interviews to exploit their opinions of us, unless it is for the notoriety they may get or the relief of getting something off their minds. Yet they all say: "A woman's place is in her home." That is just where they should be, attending to their own business. We do not need advice from foreign countries how to live. There isn't a country where women are so beautiful and well-groomed as right here in America. We are the "bath-tub pioneers." Such things as bath-tubs in Europe are only an American fad, and until within the last few years have they had them in their houses. We could go over there and tell them a few points about caring for the human body, preserving beauty and getting fresh air. But they will not listen to an American woman. They go on in their old-fashioned way, with bad complexions, mussed heads and flabby figures and are self-satisfied. Remember, the adviser should be the example.

Answers to Queries

MISS K.—When you feel exhausted after bathing hunt for the cause. The water may be too hot or too cold, you may be staying too long or bathing when too tired. Cold baths in the morning should be taken with the greatest discrimination. Women and delicate girls should never take them without medical sanction. Cold bathing in the morning is beneficial only to those who have sufficient vitality to insure a good reaction.

MISS J. M.—On account of lack of space I cannot print the hair tonic I have, which I consider excellent, but I will be glad to mail it to you if you will write me again, asking for it, enclosing a stamped, self-addressed envelope.

LOMAX over the telephone today, but she would not venture a suggestion as to the woman's name on the meager description given.

A photograph of the victim of the tragedy, taken at the Morgue, was sent to Mrs. Lomax, and Coroner Wessendorf expects a reply tomorrow.

Fan Turned Trick

REDWOOD CITY, June 4.—Old Sol with all his torrid fury almost spoiled a happy wedding yesterday, and it was only the alertness of Justice of the Peace H. W. Lamph which averted it. John J. Fletcher of San Francisco and Ruby Wheeler of Bakersfield were standing before an improvised altar while John Fletcher was slowly pronouncing the marriage vow.

"This heat is terrific," gasped the bride. "I cannot stand it a second longer."

The magistrate reached over to his desk and turned the electric fan on the bride. With a stiff breeze playing in her face the ceremony continued without interruption.

Lady Sykes Dies

LONDON, June 4.—Lady Sykes, the wife of Sir Tatton Sykes, is dead. She was at one time described as the most prominent woman in England, and on reputation as the greatest plunderer of her time. She had written a book, "Nursed Soldiers in South Africa" and edited a newspaper.

Her extravagances and success as a gambler provided the gossip with endless talk. It may be remembered that there was much litigation between Lady Sykes and her husband, which commenced with an advertisement by Sir Tatton that he would not be responsible for his wife's debts. Of late Lady Sykes had devoted herself to religious and charitable work.

Bodies Joined

HOLYOKE, Mass., June 4.—Twin daughters of Mr. and Mrs. John Griggs, born a week ago with bodies joined together like the famous Siamese twins, are gaining strength daily. If the Griggs twins live to grow up and the attending physicians say there is no reason why they should not, the case will be the second authenticated instance of the kind in history.

The Siamese twins, who died in 1874 at the age of 63, were joined by a fleshy ligament at the chest. The Griggs twins are joined at the hips by a ligament which the physicians believe may easily be severed.

For a few days after the birth of the twins their separation by an operation was considered. The practical certainty that the operation would result in the death of one and might prove fatal to both led to the abandonment of the idea. Aside from the fact that the twins joined the link, the twins have no other twins. Thus, one smiles while the other cries or sleeps. One is a little larger than the other and eats more than her sister.

PRESIDENT RETURNS ON THE YACHT MAYFLOWER

WASHINGTON, June 4.—The Mayflower, with President Taft and his party on board, reached Washington this morning at 6 o'clock from Hampton Roads, where the president yesterday welcomed the visiting German fleet.

MARIE.—I think the trouble is some nervous ailment and I would advise you to consult some reliable physician at once. It might be advisable until you see a physician not to use soap or cream of any kind on your face. Instead cleanse the face with almond meal. By all means see a physician. From your description of the trouble I think you should have medical attention at once.

A DEBTOR.—I cannot print the formula for the cold cream on account of lack of space, but shall be happy to send it to you if you will send me a stamped addressed envelope. I am delighted to hear that you are so pleased with the astrigent lotion.

HELENE.—Plain yellow vaseline is good for stimulating the growth of the lashes and brows. Apply the melted vaseline to the roots of the lashes with a small camel's hair brush, but be exceedingly careful that you do not get any of it into the eyes, for oil of any kind irritates them. Bathing the affected surface in water as hot as you can stand is good for excessive perspiration, also one or two drams alum to a pint of alcohol is good. After bathing, dust with plain boric talcum powder.

CLARA E.—Hot witch hazel is good for an oily complexion. If you will send me a stamped addressed envelope I shall send you the formula for an excellent astrigent lotion which is good for an oily complexion and a bleach for the face.

WOULD CROSS ATLANTIC IN TINY MOTOR BOAT

NEW YORK, June 4.—The latest project of Thomas Fleming Day, editor of the Rudder, is to attempt a voyage across the Atlantic ocean in a thirty-five foot motor boat. His sailed last year from Providence to Rome in the tiny yawl Scabbard, but save for the test of seamanship, this was not such a feat as the proposed motor-boat trip, for the Atlantic had been crossed in a small sailing craft before.

Day expects to start either from Boston or New York during the latter part of this month to traverse the waters in which a motor-boat keel has never left a track. Queenstown, Ireland, is the port of destination selected by Day.

The boat selected for the trip is of unusually heavy construction, with a tank capacity for 1000 gallons of gasoline. Her speed is about five nautical miles an hour loaded and six nautical miles an hour light. Day figures that she will cover in ocean traveling an average of 140 miles a day.

ROBERT BACON AGAIN BREAKS COLLAR-BONE

WESTBURY, L. I., June 4.—For the second time Robert Bacon, ex-ambassador to France, broke his collar-bone yesterday as the result of too short a turn in a polo game he was playing on the private field of J. H. Figgins at this place. Bacon was held after the ball as it was turned back and he whirled his pony. The animal slipped on the muddy turf, throwing his rider.

TAFT WINS OUT IN OHIO'S DELEGATES AT LARGE

PRESIDENT IS CONVENTION FAVORITE

Six More Votes at Chicago Added to Taft Column From Ohio.

No State Ticket Selected Until After the National Convention.

COLUMBUS, June 4.—President Taft won in the fight for Ohio's six delegates-at-large to the Republican national convention today by a vote of 390 1/2 to 364 1/2. The first actual test of delegates gave Taft a victory by a vote of 390 1/2 to 364 1/2, when the majority report endorsing the Taft administration was adopted. On the minority report endorsing Roosevelt, Cuyahoga county (Cleveland) voted 46 for Taft, 8 for Roosevelt. Montgomery county (Dayton) gave its delegation of 29 for Taft. Lucas county (Toledo) gave its delegation of 22 for Roosevelt.

Roosevelt and Taft supporters have practically agreed that it would be unwise to select a state ticket at this caucus. After the selection of the 6 delegates the convention was expected to recess until after the national convention at Chicago.

Politicians early today declared this to be the "lightest" convention the Republican party has ever held in Ohio. The result, they say, will be a battle royal on the floor.

COLONEL'S COMMENT.
NEW YORK, June 4.—The only comment Col. Roosevelt would make today concerning the result at Columbus in the selection of the six delegates-at-large for President Taft was this:

"I will refer you to what I said in my statement last night about the Ohio situation."

In this statement the colonel said that notwithstanding a majority of 30,000 against Mr. Taft at the Ohio primaries, "the Taft managers in Ohio are straining every nerve and using every means to upset the popular verdict and give the delegates at large of Ohio to the man whom Ohio by overwhelming majority declared ought not to have them."

SEVEN HOMES ARE ENTERED BY BURGLARS

Burglars entered seven homes in Oakland last night and stole belongings of small value in each instance. The thefts were reported to the police this morning by the victims as follows:

Miss M. Robertson, 461 Thirty-fourth street, house entered and money, ring and gold chain of the value of \$50 stolen.
Joseph Sousa, 839 East Nineteenth street, house entered and \$45 taken.
J. L. Hamilton, 271 Alameda avenue, house entered through window and valuables amounting to \$27.50 stolen.
John Urviovic, Hamilton hotel, suit of clothes valued at \$35 taken from room.
M. Callery, 232 Broadway, room entered and belongings valued at \$25 stolen.
Francisco Nieto, 1421 West street, suitcase taken from room, bank book and \$1 stolen.
Fred Fisher, 1113 Poplar street, jewelry valued at \$5 stolen.

MOTHERS' CLUB FOR CLAWSON SCHOOL

Mrs. J. E. Spencer, president of the Mothers' Federation of Oakland, formed a Mothers' Club yesterday afternoon at the Clawson Grammar School. About 40 members were enrolled, a committee on by-laws nominated and a constitution adopted. The following officers were elected:

Miss J. E. Colby, president; Mrs. H. Smith, vice-president; Mrs. E. Bird, secretary; Mrs. C. Torenson, treasurer; Mrs. I. Gurner, auditor.
The Clawson school has a band of about twenty boys and the ladies expect to give entertainments and raise funds to provide them with suits.

The ladies invite all the mothers who were not present yesterday to attend the next meeting, which will be Thursday afternoon at 3 p. m.

IDORA TICKETS FOR HOSTS TOMORROW EAST BAY RESIDENTS TRIBUNE GUESTS

TWO IDORA PARK CONCESSIONS WHERE THE TRIBUNE WILL ENTERTAIN ITS GUESTS ON NEXT TUESDAY—TRIBUNE DAY.

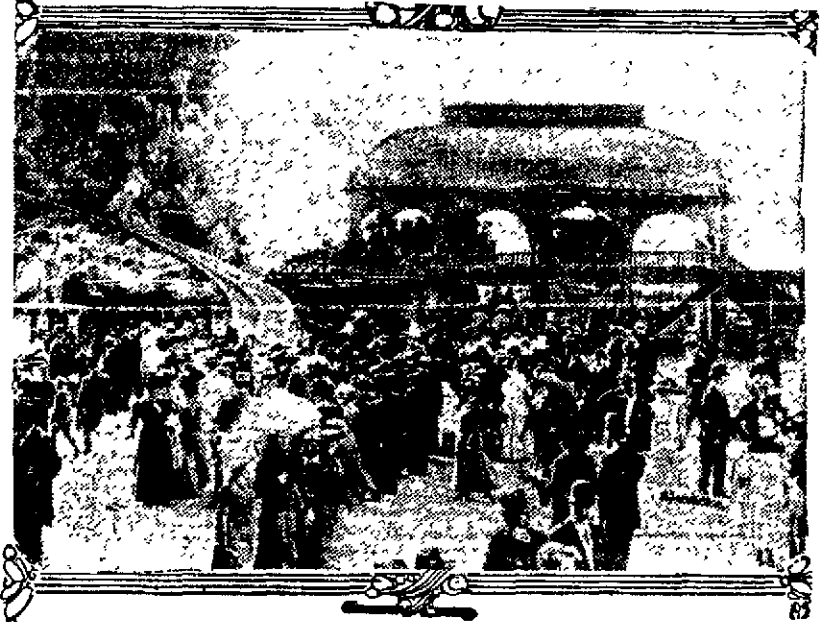

Next Tuesday Big Day at Joy Park

WHERE TO GET ADMISSION TICKETS FOR TRIBUNE DAY AT IDORA PARK.
TUESDAY, JUNE 11.
Main office of THE TRIBUNE, Eighth and Franklin streets.
TRIBUNE Berkeley branch office, 2142 1/2 Shattuck avenue.
TRIBUNE Alameda branch office, at Schneider's stationery store, Park street and Santa Clara avenue.
TRIBUNE Fruitvale branch office, at Dawson's drug store, Fruitvale avenue and East Fourteenth.
TRIBUNE Broadway office, 1114 Broadway.

Beginning tomorrow morning at 10 o'clock, admission tickets for Idora Park on TRIBUNE day, Tuesday, June 11, may be secured at any of THE TRIBUNE's offices in Oakland, Alameda, Berkeley or Fruitvale. This means that the thousands of people who expect to be the guests of THE TRIBUNE in the park on that occasion may take the first step beginning tomorrow morning by getting their tickets into the park. These tickets, in turn, will be exchanged there for the concession coupons entitling the holders to enjoy any five concessions in the park, the whole representing an amount of pleasure that cannot be purchased for less than 75 cents, but which THE TRIBUNE gives to the people of the east bay district absolutely free of cost to them.

The announcements of the coming TRIBUNE day, made in THE TRIBUNE of yesterday and Saturday last, together with the exceptional attractions which will be available to everyone at the park on that day, have aroused the keenest interest in hundreds of people who have been eagerly making inquiries as to details of the great entertainment. Now that the tickets will be given away tomorrow morning, and from that day on up to Tuesday of next week, people are wanting to know just what they can expect from THE TRIBUNE's hospitality. Those who

have been guests of the paper in the past two years on similar occasions know that there is absolutely no obligation attached to acceptance of the entertainment on the part of the general public. They know that on these days THE TRIBUNE entertains as many thousand people as ask for tickets of admittance to the park, and does so to give the greatest possible amount of pleasure to those who accept.

LOFASO'S BAND ATTRACTION.
For this year's affair Manager Bertrand L. York of the park has helped THE TRIBUNE perfect details from which it is hoped to make the finest TRIBUNE day ever held. Lofaso and his band have been engaged to give an open-air concert in the amphitheater during both afternoon and evening. Professor Frank Thompson will make a balloon ascension, all the park concessions will be running in full blast, any five of which may be enjoyed free of charge by THE TRIBUNE's guests, and a number of other interesting attractions are being arranged.

In Lofaso one of the best of the younger Italian leaders has been secured. He and his instrumentalists make their debut on the coast on TRIBUNE day and a sensation is expected from their playing of the band and the conducting of the leader, who is known as one of the most eccentric of musicians. A program to suit all tastes is being arranged and will be announced in a few days.

ASCENSION ONE OF EVENTS.
Thompson's balloon ascension, as in years past, will be one of the biggest features of the day. He will rise from the grounds at 4:45 p. m., carrying with him a large parachute, from which he will make a drop, and a number of smaller parachutes, which will be let down at intervals during the flight. Several of these smaller parachutes will contain gifts, which will belong to the persons who are lucky enough to gain possession of them as they drop to the earth. These gifts will be announced shortly.

Both of these excellent attractions will be free to all those who enter the gates of the park. In addition the visitors will be presented at the gates with a coupon ticket, given on surrendering the general admission ticket. This coupon ticket will entitle its holder to enter any five concessions in the park. These are of the most varied description and include practically everything that has been found interesting in the large

New Concessions Obtained for Occasion

Eastern amusement resorts. Among the many included are such popular things as the merry-go-round, the carousel, the skating rink, the social whirl, scenic railway, shooting the rapids, circle swing, automobile race course, mountain slide, tickler, laughing lane, roller coaster, miniature railroad, maze and toboggan, while others not mentioned are equally enjoyable.

HOW TO GAIN ADMISSION.
Only remember how to go about getting admittance to the park and concessions. All that anyone has to do is to call at any of THE TRIBUNE offices printed above and ask for an admission ticket for TRIBUNE day, Tuesday, June 11, to Idora Park. Also, remember that three different kinds of tickets will be given out tomorrow and on the following days. These will be good, the first for the morning from 10 to 1 o'clock, the second for the afternoon from 1 to 6 o'clock, and the third for the evening between the hours of 6 and midnight.

Upon surrendering the ticket at the Idora Park gates, the holder will be given a coupon ticket calling for the admittance to the five concessions. Also, remember that if you enter the park on a morning admittance ticket your concession tickets are good only for the morning hours. The same is true for the two remaining classes of tickets.

Appear at THE TRIBUNE offices at 10 o'clock tomorrow morning and you will be given one ticket each for the time of day you wish to go. If you choose to go to the park in the morning, it does not mean that you must leave there at noon. You are entitled to remain throughout the entire day and evening. It only means that the concession tickets received at the gate must be used before the morning is over. This arrangement has been made to divide up the crowds who will want to enjoy the concessions, so that all can have their fair share of the pleasures beginning tomorrow morning, for the Park Beautiful, and prepare to be THE TRIBUNE's guest on its great TRIBUNE day, Tuesday, June 11.

CLARKE LEADS GUARANTEES TO BE SUSPENDED IN IOWA RACE IN CUBA

Governorship Contest on the Republican Ticket Is Close One.

Holden's Campaign Managers Hopeful of His Victory Over Clarke.

DES MOINES, June 4.—Returns collected today from 520 scattering precincts in the state outside of Des Moines and Polk county showed that United States Senator W. S. Kenyon of Fort Dodge received 37,000 votes and Lafayette Young of Des Moines approximately 18,000 votes in these precincts in yesterday's Iowa primary.

Comparatively few of the judges in the 2308 voting precincts in the state completed their work last night and it will be late today before the returns from a majority of the precincts have been compiled.

The governorship contest on the Republican ticket was extremely close. Although George W. Clarke held the lead in the returns at hand today, campaign managers for P. G. Holden declared they expected Holden would be returned winner when final returns were known.

CLARKE'S PLURALITY 10,000.

Clarke's friends place his possible plurality over Holden at more than 10,000.

The Democratic vote throughout the state was the lightest in a number of years. John T. Hamilton, on the face of incomplete returns, led E. G. Dunn of Mason City for the Democratic nomination for governor.

In making an analysis of yesterday's primary vote Young's managers said:

"We attribute the result to the dissatisfaction of the voters of Iowa delegation and then losing his own state. The overwhelming defeat in New Jersey started a tidal wave of progressiveness."

TRIBUNE DRUM CORPS AT BENEFIT GAME

The Oakland Tribune Drum Corps will give a benefit dance at Maple Hall Wednesday evening, June 12.

Music will be furnished by Backstedt's orchestra, and up-to-date selections will be rendered for the amusement of the evening.

The committee of arrangements is William Greenfield, Arthur Slaughter and Harry Gray.

Havana Disturbed by Rumors of Negro Bands in the Vicinity.

Armed Forces Pillage Country and Oriente Is Out of Communication.

HAVANA, June 4.—There is no question but that Congress at a special session this afternoon will pass the bill authorizing the president to suspend the constitutional guarantees, but there is doubt as to whether the president will make the decree apply to the whole island or to the province of Oriente only.

Many disquieting rumors regarding suspicious movements of negroes in Havana and its vicinity were afloat last night. One band is reported to have left the city during the night.

Another armed band is reported in the vicinity of Wajay. Several arrests of suspected negroes have been made in Havana. One of these is believed to be an emissary sent by General Estenoz to start an uprising in the western provinces. The government today was still without news from Oriente.

HEALTH BOARD TO DESTROY REFUSE

ALAMEDA, June 4.—Following the agitation looking to the destruction of the larvae of the house fly, work of burning the Alameda dumps is now well under way, and under the direction of Health Officer Hieronymus and Dr. C. A. McQuestion, of the Board of Health, is being vigorously prosecuted. Kerosene in large quantities is poured over the refuse and the match applied.

Several weeks will be required to cover the entire garbage depository and destroy the vermin. Countless rats that infest the dumping grounds, driven out by the fire, are gathering in the unburnt portions, and sportsmen with fox terriers during the past few days have been giving their favorites the time of their lives.

It is planned by the health board, after the dumps have been thoroughly burned over, to continue the fire treatment as the new rubbish is deposited. Dr. McQuestion declares that the destruction of the refuse by fire will in a great measure destroy the young flies and eggs and make for more sanitary conditions in the city.

ARCHBISHOP WILL GIVE DIPLOMAS

HOUSE TO PROBE MONEY 'COMBINE'

Investigation Will Be Taken Up in New York Next Thursday.

WASHINGTON, June 4.—The money trust investigation will be taken up in New York Thursday. The bank and currency committee of the House today came to that decision. Preliminary hearings will be held in the clearing house and the stock exchange.

The House judiciary committee in executive session decided to undertake a preliminary investigation of the "beer trust."

The committee agreed to report the Edwards resolution calling for the investigation, but before doing so a private inquiry will be made. The committee does not purpose now to call any of the men interested in the packing inquiry or to undertake any sensational investigation.

U. S. IMPORTS ARE LEADING IN JAPAN

Nipponese Buying American Products More Than Ever, Says Consul.

SEATTLE, June 4.—"The sale of American products in Japan has increased phenomenally during the last year, the total increase being \$12,000,000," said Thomas Sammons, American Consul-General at Yokohama, in an address at the Seattle Chamber of Commerce yesterday.

"Japan sells one-third of her total exports to the United States, and buys between 15 per cent and 14 per cent of her imports here, making the United States first in the matter of imports from Japan and third in exports to the country."

Mr. Sammons, who is on a 60-day leave of absence, is on his way to Cambridge, Mass., to attend the commencement exercises at Harvard.

DETECTIVE MISTAKEN FOR BURGLAR, SLAIN

HOQUIAM, Wash., June 4.—Frank Welch, a city detective of Aberdeen, was shot and fatally wounded, dying within an hour, about midnight last night. J. A. Creech is under arrest in connection with the shooting.

The officer had responded to a call from Mrs. Creech for an officer as she believed some one was prowling about her house. Creech, who has been at Raymond, returned unannounced on the late train and had gone out to his home as was watching it from the outside.

When Welch encountered the man he ordered him to throw up his hands. Creech, it is alleged, replied by firing twice, both shots taking effect.

TWO DEAD, 3 HURT, 'MOONSHINE' WAR.

Kentucky Mountaineers Fight Pitched Battle With Officers.

PITTSBURG, Ky. June 4.—Word has reached here of a battle between keepers of a "blind tiger" and a posse which crossed the mountains through Shelby Gap to the new mining town of Jenkins. Two were killed and three severely wounded, among the latter being Deputy Sheriff John Pollock. The others were Italians, in the house the officers were failing.

There were lights in the house when the officers rode up and demanded surrender. A volley was the answer. The battle was fierce for several minutes, but half their number went down, the remaining four in the house saved themselves up and were brought to this place.

DOINGS IN MODERN WOODMEN'S CAMP

ALAMEDA, June 4.—The members of Alameda Camp, Modern Woodmen of America, will give a sirt waltz dance in Moose Hall on Friday evening, June 7, and every effort will be made for the success of the evening.

The baseball team of the Alameda lodge will play its first game with Greater Oakland Camp Team on Sunday, June 9, at the grounds at the foot of Ninth street, Alameda. This game will be the

different ball teams of the different camps around the bay. They will play for a trophy, which is played off by the two

winning teams at the Alameda picnic, which is held in September each year.

The line-up of the Alameda team is as follows: Pitcher, Warren Fliske; catcher, P. A. Johnson, first base, J. O. Rankin; second base, Walter Rankin, third base, Albert Ridley; short stop, Henry Wilburn; center field, Guy Thorne; left field, Clifford Mehardt, right field, G. B. Bartley, extra pitcher, Hebert Lainer.

Lincoln Park band will furnish the music for the game on Sunday at 10 o'clock at the foot of Ninth street, Alameda.

MRS. ADELE OF YERKES AND ADELE, PHYSICAL CULTURE EXPONENTS, PLAYING AT THE BELLS.

One of the best acts to come over the Madisonian stage is that of the English singing Beauties headed by Marguerite Yerkes, appearing this week at the Bell Theater.

They seem to have taken the same course, wherever they have appeared, and are destined here to have already written about them. When given in all, including the vocal part, they are the complete and most interesting, every one will agree.

Both dramatic and comical part of the act, the two sisters know as well as the other that it is better to come to the stage and play at the physical culture, than to play at the physical culture, than to play at the physical culture.

They are, however, singer is good and the other is a good singer, and they are both good singers.

ALAMEDA, June 4. — Prominent Park street business men are today actively working to secure a large delegation of automobile owners to participate in the cherry festival parade to be held in San Leandro, Saturday afternoon and night. The delegation of Alamedans will turn out to the festival, and show by their attendance the friendly boasting spirit which has been fostered in this city since riding through the streets of Alameda yesterday afternoon in a large auto truck. The delegation is also drawing much attention to the fact that San Leandro is making every effort to attract the people of this city to her cherry festival.

The festival will open Thursday and will last through the end of the week, coming to a triumphant close Saturday evening.

So many of the motorists of this city have shown the intention of attending the festival that the Park street merchants believe the plan of going on a cherry festival will be successful.

Fighting Oaks Are All Primed for Battles With the Solons on the Ball Field

FANS ARE PLEASED WITH REIDY AT HEAD OF SEALS

Former Oaklander Now Has Chance to Show the Timber He Is Made Of; Will Have Full Swing

The announcement of the owners of the San Francisco baseball club that William Reidy, better known as "Billy," was to take charge of the team today at Los Angeles as manager in place of Daniel W. Long, created quite a stir in baseball circles last night, and at the same time greatly pleased the followers of the national pastime, especially the San Francisco fans.

In the appointment of Reidy as manager of the team the owners made a move that is a wise as well as a timely one. Reidy is an experienced, clever, baseball man and well liked wherever his name is known. He is a keen student of the game, and understands a ballplayer as well as any man in the country. He knows every manager of importance and has the confidence of the major league owners almost to a man.

That he will do much toward improving the conditions of the club is conceded on all sides, and Reidy takes up his new duties with the best wishes of the fans both in San Francisco and in Oakland. Reidy first came to the coast as a member of the Oakland team and when George Van Halten made a failure of managing the team Reidy was appointed to the position, and immediately set about to give the fans on this side of the bay a ball team.

Harry Maggart, George Outshaw, Jack Lively and several others were among the players that he signed up, and it was he that gave Harry Wolverton the nucleus of the team that finished so well in 1910.

HAS BIG LEAGUE TRAINING. Reidy first came into the limelight as a member of the Milwaukee team, when he was in the American Association, and learned his baseball under the tutelage of Connie Mack. Later he was transferred to the St. Louis Browns, and played in the opening game of the American League in that city. Later he joined Brooklyn and did well there. He next became a member of the Oakland team of the Pacific Coast League, and was a mainstay in the box for them.

After taking charge of the Oaks and helping them to build up a great ball team, he was dropped to make way for Harry Wolverton. He then retired from baseball until last training season, when he was called upon to show the Seal pitchers a few things that they did not know about handling a ball. That the pitchers will not live up to expectations was no fault of Reidy. The fault lies somewhere else.

Reidy is one of the most popular ball players that ever donned a uniform, and there is no question as to his ability. He will become popular with his team, and it will be the only question of the season, when one shall hear that time worn remark applied to Reidy that "They'll work their heads off for Billy."

While Reidy will be opposed on many occasions to our hopes and pride, one can not help but admire the man, and last night again Broadway was crowded with cheering him all kinds of success in his position.

LONG STEPS DOWN AND OUT. With the passing of Daniel Long, baseball loses a man that has long been identified with the game, but, unfortunately for himself, he, with all his knowledge of the game, could not gain the popularity that a manager should have. Years ago Long won a pennant for San Francisco, and since that time has been a manager in the major leagues, but for some reason "they" would not win for him.

The present San Francisco manager is but an example of his knowledge of ball players. In the ranks of the Seals are some of the best of the Coast League players, but they do not win games. Henley, Miller, Dehl, Sutor, Toner, Rafferty, Powell, Corhan, McArdle and Schmidt are some of the best. Reidy, though, was unpopular with his players, as well as with the fans in general, and little or no encouragement could be got from either.

Now that he has voluntarily laid down the burden, let the fans forget, and those that live over the bay should not forget Reidy and help him along, for whether it is San Francisco or not, we must not overlook the fact that good managers would be good ball, and after all, it is good baseball that the fans look for.

All success to you, William Reidy, even if you are with the enemy.

DIAMOND DUST

Cy. Barker and Tyler Christian are the leaders of the diamond dust. Barker has won seven and one lost, and the silent one has a record of seven wins and two losses. In between Barker and the silent one, there is a player named Reidy, who has won six and lost one.

Arreance is the best that Sacramento has with nine wins and three lost. Reidy is the best that San Francisco has with nine wins and three lost. Reidy is the best that San Francisco has with nine wins and three lost.

BURNS AND REES ARE AT END OF TRAINING WORK

Rival Lightweights Show That They Are in Excellent Shape for Bout at Piedmont Pavilion Tomorrow Night

Louie Rees and Frankie Burns, main events at the Wheelmen's show tomorrow evening at Piedmont pavilion, put the finishing touches to the real hard work yesterday afternoon and today and tomorrow will do but little work.

Both boys look to be in the pink of condition, and both have trained faithfully for the bout. Each is filled with confidence and both hope to be the one that will be proclaimed the winner. With all these conditions prevailing the fans should see an interesting contest with the gloves.

As for Burns, he is well known around the bay and has made several starts in the roped arena hereabouts. His last fight was with Johnny Frayne and after a good bout of four rounds Burns dropped Frayne with a body punch, as well as a punch to the jaw.

In his gym work at Shannon's, Burns has shown that he is equally as good if not better than when he met Frayne and he has been just as well trained.

Rees is a new comer around the bay and has had but one start here, but it is that one start he showed that he is a rough and rugged fighter who is always willing to mix with his opponent, no matter who he might be. He came from Los Angeles with a reputation of winning over several fast boys and was sent to fight Burns over four rounds.

Rees, for the first four rounds he was action all the time. He was a rough and rugged fighter who is always willing to mix with his opponent, no matter who he might be. He came from Los Angeles with a reputation of winning over several fast boys and was sent to fight Burns over four rounds.

BURNS THE MORE EXPERIENCED. Of the two men, Frankie Burns is the more experienced from the fact that he has most some of the best boys in the game today. He will know all the finer points of the game while his opponent is ever staged on this side of the bay.

Rees, though, is an aggressive fighter and can hit just as hard as Burns. If not harder, he can assimilate just as much punishment. He is strong and rugged and will stand up and fight just as long as he is able and will not back up under a fight.

Sizing up the two men from what we have seen of them the writer looks for one of the best fights of the year. Ever staged on this side of the bay.

Yesterday, Burns finished up his hard work with a jaunt on the road and four rounds of boxing in perfect form. Burns and Burns are in excellent condition and lookers went away well satisfied with the way he performed.

FITTED WILL BE READY. Boxing with Rees every day is Jimmy Fitten, Solly Burns and Otto Berg. The first two will be contenders at the Wheelmen's show tomorrow night.

WOOL MARKET

BOSTON, June 4.—With all old domestic wool practically gone, interest is increasing in the new territory clip. Actual movement is reported as moderate as growers show a tendency to mark up prices. A majority of shippers of new Montana wool have been at 19, but a few choice lots have brought 20 cents.

In the fleece wool states, demand

claim prices are unsatisfactory. It is reported that 34 is being paid for good Michigan wool on the cars. Fine washed Obie delaine brings 30 cents.

ST. LOUIS, June 4.—Wool—Steady. Territory and Western medium, 16@16½; fine medium, 16@17½; fine, 16@16½.

**RICHMOND COUNCIL HAS
'RED HOT' MEETING**

RICHMOND, June 4. — One of the most exciting meetings of the city council, held in montie came off last night, when it was feasted by several groups, and considerable personal comments and left handed compliments during the hour it was feasted.

The contestants and helligators did come to blows, all protests were ruled out of order, and the meeting was a Washington, Richmond and Railroad Avenue and Park place, and the proceed-

ings for doing the work by public contract was ordered to proceed forthwith.

At this a lone and four went up from the protestors, who were in the minority. Councilman Girard of the Standard Oil company, remarked that "tar and feathers would be a good spring suit for anyone of the kind."

Councilman Laidney charged that "fake work" had been done in circulating petitions, to which Contractor John D. Patton objected most strenuously. Daniel Patton, a property owner, objected too strongly with his fist on the mayor's desk.

Mayor Owens bowed him with the official gavel.
